PART I.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 91, dated the 30th March 1910, from the Superintendent of Revenue Survey :—

" I have the honor to bring to the notice of Government that a practice which came to my knowledge during the introduction of revision settlements, still exists in the Revenue Department contrary to the standing orders of Government, of treating a survey number partly as occupied and partly as unoccupied. Under the Revenue Rules of 1890, when Rule XXVII authorised unlimited subdivision without reference to the Survey Department, various modes of effecting subdivisions and of treating them in the accounts sprang up. But after a long correspondence and careful consideration of the subject, Government modified the Rule in their Order No. 7035-43—R. 2308, dated 4th April 1900. It is unnecessary for me to enter in detail into the arguments regarding the inconsistency of the old rule with the Land Revenue Code, under which it was issued, and the inconvenience and confusion to which it gave rise, as the lengthy discussion on the subject will be found printed in the preamble of the said order of Government. In para 3 of the modified Rule XXVII it was laid down that 'all subdivisions of survey numbers used for the purposes of agriculture shall, until made into separate survey numbers, be subject to the provisions of Section 110 (*b*) and shall be regarded in all respects as recognized shares of survey numbers.' According to this rule, therefore, a survey number cannot consist of subdivisions some of which are occupied and others unoccupied. If there is any unoccupied subdivision, its occupancy should, under Section 110 (*b*) of the Land Revenue Code, be offered to the occupants of the other subdivision or subdivisions and in the event of their refusing the same, the assessment thereon should, until the relinquishment of the whole survey number, be levied from them in proportion to the amounts of assessment payable by them on their respective shares. This provision does not seem to have been given effect to generally in the taluks, and several instances have come to my notice during the announcement of the revised rates of assessment, of which a few are given in the appended list of such cases in the Sira Taluk where revision settlement was recently introduced. As far as possible, such cases have been rectified by the formation of new survey numbers during resurvey and by giving away the occupancy of unoccupied shares to the occupants of other subdivisions at the introduction of revision settlements, but a greater number of cases still remain to be rectified by the Revenue Department in other taluks. As it is desirable that this state of things, which is inconsistent with the rules on the subject, should be remedied at once, I request that Government may be pleased to take the necessary action for rectifying the erroneous practice."

Statement showing the disposal of sub-numbers at the resurvey settlement in the Sira Taluk, Tumkur District, prepared under the order of the Survey Superintendent No. 25--810, dated 24th January 1910.

Hobli	Village	Maji survey number	Resurvey number	According to resurvey		Remarks
				Extent	Assessment	
				A. g.	Rs. a. p.	
Kasaba Sira	1. Yeliyur	59/1	62	0 35	6 4 0	A remark is made in the "Phutkul Patrak" that the sub-number was transferred to the name of Channegauda at the resurvey settlement. It was brought under waste in accordance with the Assistant Commissioner's order No. 341, dated 23rd December 1905, as none bid for it at its sale for arrears of assessment due for 1904-05.
	2. Girinathanahalli ..	40/4	54/4	5 15	3 4 0	This sub-number was given to the Paikidars Bommanna-Kamanna, at the time of resurvey and settlement and brought under waste owing to rajinama (No. 23, dated 31st March 1907) in 1907-08.
	3. Buvanahalli ...	109/1-2-4	124/2	13 4	7 0 0	A remark is made in the "Phutkul Patrak" that this dry land should be disposed of under the rules by the Amildar. The whole of Survey No. 109 measuring 19 acres and 26 guntas was subdivided into four sub-numbers of which sub-number three alone was transferred to the name of Siddappa *bin* Thoriappa in 1908-09 and the other three sub-numbers which were waste were made into one sub-number at the time of resurvey.
	4. Anupanahalli ...	5/1	5/2	7 20	1 12 0	A remark is made in the "Phutkul Patrak" that the sub-number was given at the jamabandi, to Thimma, son of Venkata, another Paikidar as he agreed to take it. It was brought under waste in 1906-07 by rajinama, dated 20th March 1906
	5. Doddagula ...	134/1	132/1	2 36	4 4 0	A remark is made in the "Phutkul Patrak" that one of the Paikidars, Bettaiya having agreed, the whole number is given to him.
	6. Kotta	19/2	30/3	2 6	0 8 0	A remark is made in the "Phutkul Patrak" that one of the Paikidars, Linga, having agreed, the number was given to him. It was brought under waste in 1907-08 by Rajinama No. 31.
	7. Do	108/1	164/1	1 30	7 0 0	A remark is made in the "Phutkul Patrak" that this dry land was given to Paikidar, Puttarangappa *bin* Ranganna. Longstanding waste.
	8. Mananji ...	70/3	80/30	16 15	4 12 0	A remark is made in the "Phutkul Patrak" that this should be disposed of by the Amildar under the rules, as Sakhar Naik, the khatedar, was absent at the time of settlement. Brought under waste by Rajinama No. 33—3, dated 31st March 1904.
Hulikunte	1. Chiratahalli ...	113/1-2	Part of 111	21 7	6 0 0	A remark is made in the "Phutkul Patrak" that the khatedar was Yellaga *bin* Obali and that the whole number was brought under waste with the consent of the Paikidar and as concurred in by the shanbhog. At first there were three sub-numbers in this survey number, of these, sub-number 3 was disposed of under the Darkhast Rules in 1899-00. It was resigned in the year Krodhi. It was again granted to one Yella on darkhast in Parabhava. Sub-number 2 was resigned in 1903-04.
Gowdigere	1. Budikatanahalli ...	32/2	35/1	6 0	1 8 0	Khatedar of the waste portion of this number is absent. To be disposed of by the Amildar under the darkhast rules. This number was given to Sannaranga on darkhast (No. 7—19) in 1909-10.
	2. Dyagerahalli ...	23/2	30/2	12 10	3 8 0	A remark is made in the "Phutkul Patrak" that the whole of this number was given at the Jamabandi to Paikidar Kallaga. It was brought under waste by Rajinama No. 11 of 1904-05 (Krodhi)
Bukkapatna	1. Karemadanahalli ...	36/3	37/2	5 14	2 14 0	A remark is made in the "Phada Patrak" that at the time of jamabandi the land was given to Appajjigiriya on darkhast. It was brought under waste by Rajinama in 1904-05. Again darkhast No. 11—16-10-09 was received in 1909-10 and granted. This was accordingly dealt with at the settlement.

Land Revenue, dated 2nd September 1910.

No. R. 1457-66—L. R. 416-09-2, DATED BANGALORE, 2ND SEPTEMBER 1910.

ORDER THEREON.—Under the revised Land Revenue Rules no partial relinquishments of survey numbers can be allowed and the rules should be strictly enforced. In cases, where under the old rules or owing to some mistake, such partial relinquishments have been already allowed, the portions now treated as unoccupied will be constituted into separate survey numbers during resurvey. If the mistake is of a recent date, steps should be taken, if practicable, to rectify the same by enforcing the rule.

2. In the specific cases brought to notice in the statement appended to the Survey Superintendent's letter, the Revenue Commissioner is requested to report the name of the Amildar and of the Huzur Jamabandi Officer who allowed the mistake to be perpetrated and to remain unrectified in the Jamabandi accounts of the year concerned. Any explanation which they may be in a position to give may also be sent up.

READ—

Letter No. 249, dated the 4th July 1910, from the Revenue Commissioner in Mysore, submitting for orders copy of the Hassan Deputy Commissioner's letter No. 219, dated the 25th June 1910, soliciting instructions in the matter of granting remission of assessment on lands below the channels under the Krishnaraja Anikat in the Arkalgud Taluk, owing to the breach of which in May 1909, the holders of lands could not raise wet crops thereon.

No. R. 1555—L. R. 28-10-2, DATED BANGALORE, 10TH SEPTEMBER 1910.

ORDER THEREON.—The case of lands situated below the north channel of the same Krishnaraja Anikat in the Yedatore Taluk which were affected by its breach, has been dealt with in Government Order No. R. 603—L. R. 471-09-2, dated the 4th August 1910, and the principles that were adopted in granting remissions for wet lands on account of seasonal conditions in the year Kilaka have been fully applied to them. Government consider that the lands in the Arkalgud Taluk should be similarly treated and are pleased to direct that remission of half the wet assessment should be allowed on all lands which yielded less than 25 per cent of the normal crop in the year 1909-10 owing to failure of their water-supply by breach of the anikat. The irrigation cess will be recovered in full. The Revenue Commissioner is requested to obtain early from the Deputy Commissioner a statement showing the amount that will have to be remitted in accordance with the above principles and submit the same for sanction of Government.

Letter No. 6105, dated 15th December 1909, from the Revenue Commissioner in Mysore, submitting letter No. 118, dated 4th September 1909, from the Inspector of Sorting of Records and the revised rules proposed by him for the registry, sorting, preservation, destruction and inspection of Revenue records in all District and Taluk Offices as well as specimen forms of registers, requisition slip and inspection reports, and requesting sanction thereto :—

"With reference to your letter No. R. 14047—R. M. 591-1903, dated 1st May 1906, calling for specimen forms of registers, labels, slips, etc., required in connection with the sorting and arrangement of records in the District and Taluk Offices, I have the honor to state that as the number of registers, etc., requisitioned in this office letter No. 9206, dated 11—17th April 1906, for the use of the District and Taluk Offices, was estimated on a rough hypothesis and appeared to be unnecessarily large, I asked the Inspector of Sorting of Records to submit a report as to probable actual requirements together with specimen forms in the light of experience since gained in the sorting and arrangement of the records. He was also asked to revise the rules embodying therein the alterations and additions made up to date with the approval of Government together with such other additions as may be calculated to make the rules self-contained and clear in order that the record staff may easily understand and give effect to them. Accordingly the Inspector has submitted his report with his letter No. 118, dated 4th September 1909, which is herewith submitted in original for the orders of Government.

2. It will be seen therefrom that the report deals with the following three subjects, *viz.* :—

(1) Revision of Rules issued with Government Proceedings No. R. 1356-65, dated the 19th November 1903;

(2) Forms containing a set of questions for inspecting officers; and

(3) Nature and number of registers, slips, etc., required for the District and Taluk Offices.

3. In the draft revised rules now submitted, the new additions and modifications are indicated therein. These, it may be stated, have been found in practice to be very necessary, as they are more or less explanatory and calculated to secure uniformity of practice and remove doubts as far as possible in the sorting and arrangement of records, and they do not involve any material change. In the lists of A and B papers attached to the rules, the descriptions of papers are re-arranged so as to bring together allied subjects and a few verbal changes and additions are also made, and all these are explained in the remarks column of the lists.

4. The forms of inspection reports are found necessary in order that inspecting officers may not omit to examine important points and that the reports may be uniform.

5. As regards the registers, etc., the following registers, slips, etc., are considered necessary :—

	For every year.	
(*a*) Record Receipt Registers as per sample form appended (Appendix B)—		
Three registers of 4 qrs. each for each Taluk Office and two for each District Office	252	registers.
(*b*) Record Issue Registers (Appendix C)—		
One of 2 qrs. for each taluk and two for each district	84	do
(*c*) Index Register (Appendix A)—		
Five for each District and Taluk Office ...	380	do
(*d*) Destruction Register (Appendix D)—		
Ten for each District and Taluk Office ...	760	do
(*e*) Requisition Slips (Appendix C I)	25,200	do
(*N.B.*—The Government have already sanctioned the printing of 30,000 forms of slips.)		
(*f*) Inspection Report forms	650	do

These may be ordered to be printed and supplied by the Government Press, the proofs being sent to this office for approval.

6. I request that Government may be pleased to sanction the above proposals."

Letter No. 118, dated the 4th September 1909, from the Inspector of Sorting of Records in Mysore, to the Revenue Commissioner in Mysore.

In submitting my proposal for the revision of the Revenue Record Sorting Rules, I have the honor to forward herewith, for your approval, a draft of the revised rules and to state as follows:—

2. The rules now in force modelled after the Bombay "A" and "B" Lists were issued for guidance of the Record-keepers in November 1903. Being the first attempt at systematising the Record Sorting Rules, they are now found by experience to be defective and doubtful and not easily understandable in a few places. They confine themselves entirely to indicate how the sorting arrangement, indexing and destruction of papers should be done and lay down no instructions as to how the records should be prepared by the disposing clerks, when and how they should be sent to the Record Room for custody, what registers are to be kept by the Record-keeper, in what form they should be and how they are to be maintained. The rule as regards the preparation of an alphabetical index for "A" papers arranged according to subjects has not been understood by the Record-keepers and is not easily understandable, as the Madras system of preparing index for papers disposed of according to disposal number system, is made applicable to Bombay system of arrangement by subjects. Moreover, subsequent to the issue of these rules, the Bombay "A" and "B" lists have been revised in 1907 in that Presidency, and some corrections and additions made here from time to time to the rules have not been properly filed in many offices and it is necessary they should be embodied in the general rules now to be issued.

3. There seem to be no definite rules as to where papers of offices for which there are no record rooms and separate establishment exist, should be filed and how long after their disposal, these should be sent to other offices, if they are to be sent. Even if there be any, they are so broadly scattered over, it is difficult to know what they are and where they can be found.

4. To remove the existing difficulties and doubts and with a view to bring in a small compass all rules bearing on the subject from the inception of a paper to its last stage of shelving or destruction of it, the accompanying rules have been framed keeping up to the original model, only adding and modifying where necessary. They lay no claim to originality and whatever new there may be in the rules, they are either borrowed from the Record Sorting Rules of other British Provinces or gathered from the old circular orders of the late Chief Commissioner and Government Proceedings. The sole aim in drafting these rules is to make them easily intelligible, thoroughly workable and to reduce the Record Sorting work to a system so as not easily to get out of the groove.

5. However elaborate and perspicuous the rules may be, it is a common experience that by themselves they cannot work well and lead to diversity of practice unless proper forms and registers are prescribed and their proper maintenance is ensured. With this object in view, I have provided 4 registers to be maintained in every Record Room and have appended to the rules a specimen form of them. The forms are all more or less adaptations of those in force in British Presidencies so as to suit the requirements here.

6. Under the existing rules, no doubt an annual examination of all the Record Offices by the Deputy Commissioners is provided but this is more honoured in the breach. As no set of questions are prescribed, the report in cases where they are sent are very meagre and contain some general remarks from which nothing definite as to the state of records can be gathered. For the satisfactory and smooth carrying out of work, it is very necessary that there should be close and periodical inspections by officers, who have the power of patronage and punishment. The Taluk Treasury records, which are annually inspected by the District Treasury Officers, are generally in good condition all over the Province. I cannot attribute this to any other cause than the half-yearly and yearly inspection and submission of detailed reports by responsible officers. If the same system of inspection be introduced, there is no reason why the Revenue Branch of the Record Room should not be in as good a condition as the Treasury, if not better. To ensure this periodical examination of Revenue records, it is provided in the draft rules that two inspections should be made every year of all the Record offices by the Assistant Commissioners and one by the Deputy Commissioner and a form of the report in the shape of questions to be answered as in the case of Treasury Inspection Report is prescribed.

7. I have strong hopes that, if definite rules be framed, clear and sample forms and registers be introduced and periodical examination of records and submission of reports by District Officers be ensured, considerable improvement will be effected in the Revenue

Land Revenue, dated 20th September 1910.

Records in the course of a short time and there will be no necessity for the existence of a special office, as such offices generally have a tendency to produce a sort of less responsibility on the part of the general supervising officers.

8. If the above proposal commends itself to you, I respectfully request the favor of your kindly submitting the same with such additions and alterations as you think necessary for sanction of Government. I shall, on sanction of this by Government, submit, for your approval, a Kanarese translation of the rules, etc., so that they may be printed and distributed to districts and taluks.

9. There is an old reference pending from Government requesting the Revenue Commissioner to submit the forms of registers, etc., required for use in the Record Room and also an estimate of the number required. I beg to submit, as for the forms, those given in the draft rules may be adopted; and as to the number, I give an estimate below:—

10. Every Record Room requires four registers:—

(1) Register of records received into the Record Room.

(2) Issue Register.

(3) Index Register.

(4) Register of papers destroyed and a few hundreds of requisition slips

Four books, 3 each of 4 quires and an Issue Register of 2 quires will be required for each Taluk Record Room and double that number for each District Record Room on an average every year. As to requisition slips, about 300 for each taluk and 600 for each district will be sufficient. There being 68 taluks and 8 districts,—

68×4 equals	272	and 68×300 equals	20,400
8×8 „	64	8×600 „	4,800
	336		25,200

336 registers and 25,200 requisition slips will have to be supplied annually to the several offices in the Province.

Government have already sanctioned the printing of 30,000 requisition slips and all that now remains to be done is to supply the necessary registers.

11. As there is a large number of old "A" papers to be indexed and a vastly larger number of time-barred papers to be destroyed, it will be necessary to furnish each Record Office with at least 5 Index and 10 Destruction Registers to start with. Thus an initial supply of 76×15=1,140 registers will be required for the Province. It may be that some small taluks do not require so many registers, but the above figures are only an average.

12. In addition to registers and requisition slips, a few hundreds of Records Inspection Reports with questions printed on left half margin leaving right half for answers, as in the case of Treasury Inspection Reports, have also to be provided. As three inspections a year have been prescribed for all the Revenue offices including those of the Assistant Commissioners and Deputy Amildars and as there are 68 taluks, 9 sub-taluks, 17 Sub-Divisional Assistant Commissioners' Offices and 8 District Offices—in all 102 offices—three times the number will be required for drafts and as many for fairs, and thus a total of 612 or in round numbers 650 Records Inspection Reports will also be required for distribution to Deputy Commissioners and Assistant Commissioners annually.

No. R. 1800-9—L. R. 591-03-10, DATED BANGALORE, 20TH SEPTEMBER 1910.

ORDER THEREON.—The revised rules, as appended to this Order, are approved.

2. The Superintendent, Government Press, is requested to print the forms of Registers and Inspection Reports and supply the required number of copies to the Revenue Commissioner for distribution among the District and Taluk Offices.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Superintendent, Government Press.
The Deputy Commissioners of Districts.

Bxd.—C. V.

The following rules are prescribed in regard to the registry and arrangement of records and the destruction of useless papers in all the Revenue Offices of the Districts and Taluks in the State and for the inspection of records by the District Officers.

GENERAL RULES.

Records where to be preserved.

(1) The Revenue Records of the several offices described below will be preserved in the Record Room named opposite them.

Deputy Commissioners.....In the District Record Room.
Assistant Commissioners.....In the District Record Room.
Amildars.....In the Taluk Record Room.
Deputy Amildars.....In the Record Room of the Taluk to which the Sub-Taluk is attached.

(2) As a general rule all files of papers that originate in any office are to be filed in the records of that office and in the case of papers forming a continuous correspondence either in the office in which they originated or where they finally end as may be directed by the Deputy Commissioner.

Farist or List of Contents.

(3) A facing sheet of contents will be put up with the record of every case as it originates and each paper will be entered in the Farist as it is filed with the record.

When to be sent to the Record Room.

(4) At the end of each month, the Officers in charge of Departments and disposing clerks are to make over to the Record-keeper all records disposed of during the month, properly arranged, stitched and stamped and provided with a complete facing sheet. Incomplete and undisposed-of files should under no circumstances be sent to or received in the Record Room. The records of Assistant Commissioners and Deputy Amildars shall be forwarded quarterly to the District and Taluk Record Room in bundles after the expiration of one year from the date of disposal.

How papers should be sent to records.

(5) A Register should be maintained by the Officer of each Department to show when and what papers were sent to the Record-keeper for custody. Whenever officials want to send any papers to the Records, they will enter the number and description of paper in this Register as

also the date of transfer and send it to the Record-keeper with the completed record. The Record-keeper will examine it and on satisfying himself that it is complete and properly arranged, receive the same in the records and sign the entry in token thereof.

GENERAL MODE OF ARRANGEMENT OF RECORDS.

1 Arrangement by Departments of business.

(6) A separate shelf or space must be set apart for each Department of business.

2. Fronts of shelves should bear Departmental labels.

(7) On the front of the shelf the name of the Department to which the papers therein lodged appertain should be printed or legibly and durably written on a label in bold characters.

3. Special precautions with respect to papers of permanent value.

(8) The front and sides of the shelf in which papers of permanent value are lodged such as old Survey Records, should be fitted with wire-work so as to admit the free circulation of air.

4. Classification and arrangement of A apers.

(9) All records chosen for permanent preservation should be classified according to their subject-matter and arranged chronologically and preserved in dafters or preferably almirahs which must show on the outside the subject-matter of the records and the date of the earliest and latest papers contained therein.

Each file or bundle shall be complete in itself and contain all the papers bearing on any single subject properly arranged and stitched into a book with a thick outer cover and facing sheet of contents.

5. Care to be taken in tying up papers.

(10) Great care must be taken to tie the papers securely so that they may not slip out of the bundles.

Note.—These bundles should be of convenient size and tied up in daftar cloths or separated by boards on which should be pasted a slip showing the contents of the bundle.

6. Index for A papers.

(11) An index for permanently preserved records should be maintained under each subject head in the form as given in Appendix A.

7. Arrangement of settlement papers and village accounts.

(12) Settlement Registers, maps, books and village accounts must be arranged according to the number of the village to which they relate (an uniform order being adopted in the numbering of villages).

Note (a).—A list of villages arranged Hobliwar and serially numbered should be prepared on a thick cardboard paper and hung up in the Record Room.

Note (*b*).—In the case of village accounts, the arrangement aimed at by the rule is that a set of accounts for all the villages for every year should be kept in one or more daftars classified according to the period of preservation and arranged according to the serial number of the villages. This is the natural and simple arrangement and the accounts have therefore to be arranged accordingly. The same arrangement should be adopted for the village accounts falling under B, as it will facilitate their removal for destruction after the prescribed period.

8. Arrangement of B papers.

(13) Records chosen for preservation for definite periods should be arranged chronologically and preserved in dafters.

Note.—The above rule relates to papers which are to be perserved only for specified periods and not permanently Papers of List B have to be classified according to the periods of preservation. Hence papers of different periods 30, 20, 12, etc., should be kept separately; but those required to be kept for the same period should be brought together and arranged chronologically with a subsidiary subjectwar arrangement. The object is to facilitate picking up of references and to render the destruction of time-barred papers automatic.

Provided that in cases where the villagewar classification of such papers with a subsidiary chronological arrangement has been adopted, re-arrangement according to periods of preservation need not be insisted upon.

9. Arrangement of daftars and labelling them.

(14) These daftars should be well labelled and placed chronologically on record shelves or stands and neatly arranged.

10. Arrangement of registers, accounts, Gazettes, etc.

(15) Accounts, registers, periodical returns, Gazettes and similar papers should as far as possible, be kept in separate daftars.

11. Numbering of shelves and compartments.

(16) All the record shelves should be numbered and divided into compartments. The number of the shelf and the number of the compartment should be legibly painted thereon.

12. List of contents of daftars and compartments.

(17) A list in book form should be kept to show the contents of each daftar in the compartment or shelf thus:—

Shelf No. 3, Compartment No. 4.

Daftar No. 1, *Mysore Gazette*, 1901.

Daftar No. 2, *Mysore Gazette*, 1902.

Stand No. 6, Compartment No. 2.

Daftar No. 1, Resignation of lands, 1898-99.

Daftar No. 2, Census correspondence, 1898-99.

13. Records Receipt and Disposal Register.

(18) A Register shall be kept by the Record-keeper showing the receipt of records by him and his disposal of them in the form as given in Appendix B.

14. Requisition slips and Records Issue egister.

(19) When papers are required from the Record office for reference, the Officer of the Department in which they are required should send a slip to the Record-keeper specifying the paper required. The record is to be immediately furnished and the slip kept in the place of the record issued out. On the return of the record the slip is to be returned and cancelled. A "Record Issue Register" shall be kept by the Record-keeper showing the records sent out from the Record Room. The form of the slip and the Register is given in Appendix C.

Note.—The person receving the papers from the Record Room should be held responsible for their being returned as soon as possible.

15. Destruction of time-barred papers.

(20) Records, books, papers and registers chosen for destruction should be burnt in the presence of the Sheristadar. A Register shall be kept of all such records destroyed, giving briefly the substance of the records, their dates and noting the last "To" or "From" number, if any. A note of destruction shall also be entered against the respective entries of the papers they relate to in the "From" and "To" Registers. The form of the Register is given in Appendix D.

Note (*a*).—Records should be destroyed once a year only in the month of November. The destruction made in November in any year shall comprise of papers which have passed their time limit calculated from the official year of their disposal.

(*b*) Any document which may at any time be found, on personal inspection by the Deputy Commissioner, to have become entirely illegible or useless from age or to have been eaten up by worms, may, with the sanction of the Revenue Commissioner, be destroyed, a memorandum of the fact together with a summary of its contents, if ascertainable, signed by the Deputy

Commissioner with his own hand being kept in its place.

16. Annual and half-yearly inspection of records and reports by the Deputy Commissioners and Assistant Commissioners.

(20) A report on the state of the records of each taluk in the district and also of the District Office should be submitted to the Revenue Commissioner for each calendar year by the Deputy Commissioner before the 1st March following. The Treasury Assistant Commissioners in the case of the District Office and the Sub-Divisional Assistant Commissioners in the case of their own office and of the Taluk records in their charge, should likewise submit a report half-yearly for the half years ending with March and September respectively before the end of May and November following, to the Revenue Commissioner through the Deputy Commissioners. The form of the report and the heads under which information should be furnished will be found in Appendix E.

(21) The Revenue Commissioner should review these reports and take all the steps necessary to remove existing defects and furnish a brief report annually to Government about the general condition of the records in all the Taluk and District Offices.

N. B—List of Records to be retained and destroyed.

A—indicates records to be permanently preserved.

B—indicates records to be destroyed after varying periods of preservation.

Deputy Commissioners may in their discretion direct the retention for a longer period or permanently of any records included under the B class for any special reasons which they may consider necessary. Similarly, records, though included under the class A, which are of a purely routine character, may be destroyed by Deputy Commissioners at their discretion.

Amildars are empowered to order the destruction of time-barred records which are required to be preserved for specific periods after the expiry thereof in their offices. Divisional Assistant Commissioners should during their tours of inspection carefully scrutinize the list of records assigned for destruction in Taluk Offices, and see that the selection is properly made and that the destruction is carried out regularly.

23. Whether the old records are periodically destroyed and if so up to what year and what records have been destroyed and when?

Note.—It is unnecessary to enter long lists of records actually destroyed during the year. It will be sufficient if information is furnished as to the number of papers or, if this is impracticable, the number of bundles destroyed with a brief description of the nature of papers.

24. Whether the officials working in the Record Department are baraward Record-keepers and Daftarbands?

25. Whether the Record-keeper and his assistant understand thoroughly the system of classification and maintain all Registers prescribed and keep them up to date?

26. Whether the record staff is entrusted with any other than its legitimate work; if so, what is the nature of it and why?

27. What is the state of the library? Whether the Regulations, Rules, Standing Orders, etc., are kept corrected up to date and carefully preserved?

28. Whether the Record Room is in good repair protected from white ants and the roof is not leaky and whether it is kept clean and secure from entry at all points and sufficiently lighted?

29. Whether the Record Room is spacious enough and provided with sufficient number of stands, shelves and daftar cloths?

30. When was the previous inspection held and by whom? Whether defects pointed out and instructions issued at the previous inspection have been attended to.

N. B.—In addition to answering the above questions, officers inspecting the records are requested to note in their reports any irregularities and informalities which come under their observation and to make any suggestions that may appear deserving of consideration to promote the efficiency of the records.

(1) The summary of discussion in Subject No. III of the Proceedings of the Representative Assembly of 1908 :—

Summary of discussion.—It is prayed that Barabaluti Registers may be printed and supplied to all taluks and that Jamabandi Officers may be directed to inspect them during the Jamabandi. The books in use at present are very old and contain no space for a note of any alterations being made therein.

Reply of Government.—The Revenue Commissioner's opinion will be invited.

(2) Letter No. 9912, dated the 30th March 1910, from the Revenue Commissioner in Mysore :—

"1. With reference to your letter No. R. 5338—L. R. 212-08-2, dated 26th January 1909 calling for my opinion on Subject No. III of the Representative Assembly Proceedings of 1908, regarding the printing of Barabaluti Registers and supplying the same to taluks I have the honor to forward herewith the marginally noted communications from the Deputy Commissioners, together with the sample forms of the Barabaluti Registers received with them, and to state as follows :—

1.	Letter No. 750, dated 20th March 1909, from the Deputy Commissioner,		Shimoga.
2.	Do 406, do	do	Kadur.
3.	Docket No. 901, dated 8th May 1909,	do	Shimoga.
4.	Letter No. 726, dated 27th do	do	Chitaldrug.
5.	Docket No. 12, dated 23rd June—5th July 1909,	do	Tumkur.
6.	Letter No. 21, dated 9th July 1909,	do	Mysore.
7.	Do 50—R, dated 20th July 1909.	do	Hassan.
8.	Do 2317—150, dated 22nd September 1909,	do	Kolar.
9.	Do R. C. 687, dated 11th February 1909,	do	Bangalore.
10.	Do 318, dated 11th—15th February 1910,	do	Kadur.

2. All the Deputy Commissioners of Districts except those of Hassan, Tumkur and Shimoga are in favor of the forms being printed. The Deputy Commissioner of Hassan suggests that columns Nos. 35-59 in the old Barabaluti Register may be omitted and that the entries in the remaining columns may be made in manuscript, revised and rewritten once in ten years and that the Huzur Jamabandi Officers should check these registers during Jamabandi. The Deputy Commissioner, Tumkur District, thinks that the cost of printing these will be heavy and that books with printed headings may be issued for being posted up, up to date, while the Deputy Commissioner, Shimoga District, says that no useful purpose will be served by getting the existing registers printed and that he has no objection for future entries being made in a register with printed headings.

3. From the specimen forms of the registers received from the districts, it will be seen that the columns in the registers are not uniform in all the districts, nay, even in all the taluks of the same district, and that many of these registers which are in use in certain taluks are very cumbrous, containing about 59 columns, half of which are antiquated and of no use now. It is therefore desirable that a form should be prescribed which would be applicable to all the taluks. The Deputy Commissioner, Kadur District, proposes two separate forms, one for the shanbhog and patel and the other for minor village servants, while the Deputy Commissioner, Bangalore District, has suggested a form and states that one form will suffice for all the village officials. I am of opinion that the form recommended by the Bangalore Deputy Commissioner may, with a few omissions, be adopted for all the districts, and I enclose herein a form as finally drawn up by me.

4. I think that it is not necessary to have the existing volumes printed, as the cost will be heavy and only a few copies of each will be required for reference. It will be sufficient if forms of the register are printed. They may be bound into volumes of a convenient size, say, of 300 to 500 pages, so as to stand wear and tear, as they will be handled frequently. One book for all classes of servants, with uniform headings, properly revised, should suffice, separate pages being set apart for different officers. The old registers may be revised and copied in the new registers. They need not be rewritten every ten years or at fixed intervals. Alterations and corrections may be noted from time to time, and entries carried forward when too full. I would have these books in duplicate, one copy being kept in the Taluk Office and the other in the District Office, as a precaution against loss or tampering with entries, alterations in one being communicated for entry in the other under proper authority. I would also arrange for extracts on spare forms being issued as sannads so that parties may have suitable record of their title to the office.

5. If the Government approve of my recommendation, the Superintendent, Government Press, may be requested to undertake the printing of these books during the next official year on a specially thick paper, after settling the details with me."

Proceedings of the Government of His Highness the Maharaja of Mysore,

No. R. 2003-12—L. R. 212-08-4, DATED BANGALORE, 29TH SEPTEMBER 1910.

ORDER THEREON.—The register is an ancient one and was originally intended to furnish particulars concerning the marginally noted 12 classes of hereditary village offices. Of these, only the first five offices are now recognized as necessary and the rest are treated as obsolete, being done away with when the offices become vacant, on the ground that the village community is not under present conditions in need of such free services. It is not, however, ascertainable as to when and under what authority the register was first prescribed. The form in which the registers are now maintained in the taluks is not uniform and some of these registers appear to have been prepared so far back as 1864 and are unwieldy, containing nearly 60 headings, most of which are now superfluous and antiquated as pointed out by the Revenue Commissioner. It is not necessary, therefore, to continue the registers in the forms hitherto adopted or to print them, and the modification of the register now suggested by the Revenue Commissioner will serve the purpose of preserving all essential information contained in the old registers, while greatly improving its utility for reference in connection with questions relating to any of the really important village offices.

1. Patel.
2. Shanbhog.
3. Toti.
4. Talari.

6. Madigar.
7. Dhobi.
8. Hajam.
9. Kumbar.
10. Blacksmith.
11. Carpenter.
12. Goldsmith.

2. Government are, therefore, pleased to direct that, in future, the Barabaluti Register be maintained in the form proposed by the Revenue Commissioner, as appended to this Order. It will be printed and bound into volumes of convenient size consisting of 300 to 500 pages. One such volume will be made use of in each taluk for each of the first five classes of hereditary offices. The new registers should be written up and brought up to date, as soon as possible, the necessary information being gathered from the old registers and suitably revised where required. Two copies of the register will be kept as proposed, one in the Taluk and the other in the District Office.

3. Every new entry that has to be made in the register from time to time should be effected only under the signature of the Amildar, and no alteration of the existing entries should be permitted except under the orders of the Sub-Division Officer. As a safeguard against unauthorized alterations of the entries, the registers should be examined and signed annually by the officers conducting the Huzur Jamabandi.

4. The Revenue Commissioner is requested to place himself in communication with the Superintendent, Government Press, and have the required number of copies of the form printed.

5. If any village officer who is permanently entitled to hold the office is not in possession of a sannad, an extract may be given to him from the register to serve the purpose of a sannad. Interested parties may also be supplied similarly with copies of extracts from the register on payment of the fees prescribed under the rules in this behalf.

6. In this connection the Government direct that the old Barabaluti Registers should be carefully preserved in the taluk records.

I. The Summary of discussion on Subject No. 329 of the Proceedings of the Representative Assembly of 1909 and the reply of Government thereto:—

Summary of discussion.—The Hemagiri and the Mandagiri nalas may be extended.

If the channels are extended, about Rs. 3½ lakhs odd can be realised from contributions and from the sale of waste lands in a number of villages likely to be irrigated by the project. An increase of Rs. 40,000 can be expected in the wet assessment. The allotment in the current year's budget of Rs. 25,000 for the Mandagiri channel and of Rs. 10,000 for the Hemagiri channel is insufficient. The works should be completed as early as possible, as the projects are most remunerative and the works having been sanctioned, darkhasts are not granted pending completion of the works.

Reply of Government.—Noted.—The execution of the works will be expedited. The question whether the orders of 1888 prohibiting the grant of darkhasts pending the execution of the project require modification, will be considered separately.

II. Unofficial note dated the 23rd July 1910 on the subject by the Revenue Commissioner:—

"When an irrigation work is under contemplation, it is the officers of the Public Works Department and possibly some in the Revenue Department that get the earliest information about it. Generally the information leaks out through the subordinate officials of these Departments to interested persons. They in their turn directly or indirectly begin to speculate by obtaining lands in localities to be thus favoured with additional facilities for irrigation. It is only at this stage that lands are acquired on very favourable terms. By the time the preliminary surveys are completed and the investigation of a project is fairly started, the information becomes public property and the higher officers in the Revenue Department are in a position to stop the grant of waste lands free or for nominal prices on darkhasts. The raiyats, however, are the last to get such information and even then they are sometimes too slow to profit by it and often part with their holdings on easy terms.

2. This kind of artificial gambling in land, if it may be so termed, has to be discouraged as much as possible; and from my experience of the incidents which led to the passing of the prohibitory orders of 1888 and 1889, I can say that at that time there were several conspicuous instances of such gambling and it was to put down such wild speculation that the orders under consideration were passed. While for this reason I fully sympathise with the order and wish its spirit to be preserved, I cannot ignore, on the other hand, the disadvantage often resulting therefrom. The order must surely operate as a hardship in the case of *bona fide raiyats* requiring lands for cultivation in such localities and they also deprive the Government of the land revenue derivable from expansion of cultivation. It may be urged, on the other hand, that as every contemplated project does not stand a sure chance of being carried out, the Government and the raiyats often get a moderate harvest from such speculation in the shape of kandayam and sale proceeds of lands. But as this is not a wholesome speculation, it cannot be considered as a healthy or desirable result.

3. Therefore, it behoves us to adopt a middle course which, while checking the spirit of speculation, would enable Government to meet the requirements of the raiyats and benefit the land revenue. To achieve this end, Government may direct that lands in such localities may be granted subject to the following conditions:—

(1) *Unoccupied assessed wet or garden lands.*—These lands may be allowed to be given out under usual darkhast rules, provided that if they had been acquired within five years of the completion of the project, they shall not be exempt from paying a fair price in addition to the acreage contribution levied on *kadim* lands of the same description. This price to be fixed with reference to the average market price fetched by similar lands in the neighbourhood and to be reduced *pro rata* with reference to the years they have been under occupation and the price fetched at the darkhast sale.

(2) In the case of *dry lands* also, the above condition to apply, the maximum period of occupation being extended to 15 years.

(3) I would not advise the allowing of cultivation of such lands temporarily, for the raiyats will have no incentive to work hard or to incur sufficient outlay in improving the lands so as to get from them the largest possible outturn.

(4) In the case of some irrigation projects, the consent of the raiyats holding lands in the locality is taken. It may be provided that it is unnecessary to obtain the consent of parties who have acquired lands within ten years previously.

4. The conditions contained in the preceding paras are proposed for adoption in the case of localities where projects are under contemplation. But sometimes, lands are taken up even before such projects are thought of and it may also be difficult to say when a particular project was contemplated or broached. It is therefore worth considering whether it will not be better to frame some standing orders in the Land Revenue Rules which will come automatically into operation when any project is taken up or completed. They may be to the following effect:—

(1) It shall not be necessary for Government to consult the wishes of occupants of lands about the construction of an irrigation project when their holdings had been obtained from Government within ten years previously under darkhast or other rules for acquisition of assessed or unassessed waste lands of Government.

(2) When any such lands become liable to be classed as irrigated wet or garden lands, in consequence of some irrigation project completed by Government, the Government shall be at liberty to levy thereon—

(*a*) such acreage contribution as may be fixed by Government for similar lands in the neighbourhood;

(*b*) a price or value at such rates as may be fixed with reference to the market value realised or realisations on similar waste lands of Government in the neighbourhood or at a rate not exceeding ten times the annual wet or garden assessment imposed on such land, provided that, in either case allowance shall be made for the price already paid for obtaining the occupancy of the land and the wet, garden or dry assessment annually paid since the commencement of such occupancy.

Note (*Illustration*).—A bit of two acres was acquired 7 years ago by the occupant assessed as dry land paying an assessment of Re. 1-2-0 including cess per acre at a darkhast sale for Rs. 7-7-0 including cess. It is now classed as wet and assessed at Rs. 4-12-0 including cess per acre. Similar waste lands were sold after the irrigation project was completed at Rs. 27 per acre. The price to be realised shall be Rs. 54 less Rs. 7-7-0 auction price and Rs. 15-12-0 assessment paid or Rs. 31-13-0 in addition to acreage contribution under clause(*a*). If no waste lands have been sold, the maximum price the Government may claim shall be ten times Rs. 4-12-0 or Rs. 47-8-0 per acre less the amount as calculated above.

5. I am aware that these proposals are somewhat novel in their character and apt to be objected to as conceived in the interests of Government. But their object is really to protect the interests of Government as representing the public and enabling them to share in the capital value accruing on any land by the construction of a new source of irrigation, when it had been given out for cultivation before the possibility for irrigating it had been thought of or suspected. Intelligent raiyats will not object to the Government participating in such an adventitious advantage though they may probably like to fix a time-limit in the case. It will not be a bad idea to consult members of the Representative Assembly at the next Dasara."

No. R. 2017-27—L. R. 507-09-1, DATED BANGALORE, 30TH SEPTEMBER 1910.

ORDER THEREON.—With a view to prevent speculation in unoccupied Government lands likely to be benefited in the event of some important work of irrigation which was under contemplation being carried out, it was directed in Government Order No. 1382-90, dated 1st October 1888, that, when a project for an irrigation work costing more than Rs. 25,000 or for the extension of a river channel was under investigation, all dry lands likely to be converted into wet by such a work should be reserved for sale by auction after the completion of the work. This prohibition was extended also to unoccupied wet lands by Government Order No. 6769-77—Cir. 190, dated the 22nd January 1889. It is now urged that this unqualified restriction against the grant of lands pending completion of projected irrigation works often operates as a great hindrance to the legitimate expansion of cultivation by compelling the reservation for indefinite periods, of lands otherwise in great local demand, merely on account of their potential value after the work of irrigation is constructed. Government recognise that if, for any reason, there is a long interval between the projection of a work of irrigation and its execution, the existence of the rule may entail some hardships on the raiyats in the neighbourhood, but these disadvantages are not sufficient to justify either a total abrogation of the

Land Revenue, dated 30th September 1910.

rule or even a material modification of it. The rule is as necessary in the interests of the *bonâ fide* cultivators as of Government, its object being to secure to the former fair opportunities of obtaining the lands when their real value is evident by checking all improper speculation and competition. Government are not in favour of allowing these lands to be given out temporarily for cultivation nor of creating any special modes of disposal of these occupancies which would involve considerable amendment in the Land Revenue Rules. In order, however, to mitigate the hardships complained of and to prevent the rule from operating as a serious obstruction to any *bonâ fide* demand for land, Government are pleased to direct that if, in any particular case where, owing to long delay in the execution of a project or uncertainty as to its chances of sanction, lands have been withheld from cultivation and where a *bonâ fide* demand for an extension of cultivation exists, it is desirable, in the opinion of the Revenue Commissioner, to depart from the rule and grant the lands under the darkhast rules, they may be so disposed of for cultivation with the previous sanction of Government, subject only to a liability to pay acreage contribution like lands already in occupancy when the project is definitely taken in hand for execution. The exception now made will be inserted as a proviso after the sentence "Government unoccupied wet land should be similarly reserved for sale" in Rule 1 of the rules contained in the Government Order of the 1st October 1888, as amended by the Government Order of the 22nd January 1889, above referred to, which are published on page 318 of the Revenue Manual.

The rule as amended above will read as follows:—

"When a proposal for any such work as aforesaid has been made and is under investigation or consideration, no *darkhast* shall be accepted for any Government unoccupied dry land likely to be converted into wet by such work. All such unoccupied dry lands should be reserved for sale by public auction. Government unoccupied wet lands should similarly be reserved for sale. If in any particular case, however, where owing to long delay in the execution of a project or uncertainty as to its chances of sanction, lands have been withheld from cultivation and where a *bonâ fide* demand for an extension of cultivation exists, it is desirable, in the opinion of the Revenue Commissioner, to depart from the rule and grant the lands under the Darkhast Rules, they may be so disposed of for cultivation with the previous sanction of Government, subject only to a liability to pay acreage contribution like lands already in occupancy when the project is definitely taken in hand for execution."

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Forest), dated 10th September 1910.

READ THE FOLLOWING PAPERS:—

Subject No. 134 discussed at the Dasara Representative Assembly of 1909:—

Summary of discussion.—The Amildars are at present empowered to grant Rs. 5 worth of materials for the reconstruction of houses destroyed by accidental fires; applications for larger grants have to be sanctioned by higher authorities, and there is much delay in receiving sanction from the higher officers. The powers of Amildars in this respect may therefore be raised and they may be empowered to grant materials of the value of Rs. 25 on their own authority.

Reply of Government.—Will be considered.

2. Letter No. 10798, dated the 3rd June 1910, from the Conservator of Forests in Mysore:—

"Referring to your Office Memorandum No. R. 7429—Ft. 157-09-1, dated the 29th April last, calling on me to furnish my opinion regarding the enhancements of powers of Amildars to sanction materials for rebuilding houses destroyed by fire (Subject No. 134 of the Representative Assembly Proceedings of 1909), I have the honor to state that in order to afford immediate relief to sufferers by fire, Deputy Commissioners are empowered to grant building materials from the District Forests free of seigniorage up to the value of Rs. 25, and Amildars up to the value of Rs. 5. It is sought to raise the powers of the Amildars to enable them to make free grants up to Rs. 25 on the ground that much delay occurs in obtaining sanction from the Deputy Commissioner. I don't think that there is any valid ground for this complaint, and beg to invite kind reference to the remarks of Government in para 1 of their Order No. R. 7533-42—Ft. 24-05-27, dated the 16th February 1907. If the case is properly placed before the Deputy Commissioner, there ought not to be a delay of more than a week in securing such sanction. I am therefore of opinion that there is no necessity for enhancing the powers of Amildars."

3. Letter No. 976, dated the 21st July 1910, from the Revenue Commissioner in Mysore:—

"Adverting to your Official Memo No. R. 7429-30—Ft. 157-09-1, dated 29th April 1910, requesting to be furnished with my opinion on Dasara Representative Assembly Subject No. 134 of 1909, regarding the enhancement of powers of Amildars to sanction materials for rebuilding houses destroyed by fire, I have the honor to state that the value of materials which the Amildars are at present empowered to grant, though small in individual cases, may sometimes come up to a large sum when the number of persons relieved is great. In my experience I regret to state that the Amildars do not take sufficient care to study the rules and to judge of the amount of relief that may be given and hence the use of their discretion has to be properly guided and controlled. I am not, therefore, in favor of enhancing the powers of Amildars in this matter. But in order to avoid delay in obtaining sanction of higher authorities for grant of building materials the value of which exceeds Rs. 5 in individual cases, I think the Sub-Division Officers who are in charge of taluks may be invested with the powers now exercised by the Deputy Commissioners and required to deal with them promptly."

4. Letter No. 1634, dated 15th August 1910, from the Conservator of Forests in Mysore:—

"Referring to your letter No. R. 840—Ft. 157-09-3, dated the 10th instant, I have the honor to state that Sub-Divisional Officers in charge of taluks may be empowered to make free grants to the value of Rs. 10 in each individual case. Cases in which free grants in excess of this amount are found necessary are not frequent and may well be referred to the Deputy Commissioner.

In this connection I may note that, as a rule, the delay in the grant of relief occurs in the Taluk Offices and Government have often had to animadvert the Amildars on this account."

No. R. 1557-66—Ft. 157-09-5, dated Bangalore, 10th September 1910.

ORDER THEREON.—The Government are of opinion that the suggestion of the Conservator contained in the last of his letters read above is suitable and are pleased to direct that Sub-Division Officers be invested with the powers now exercised by Deputy Commissioners in the matter of granting materials for rebuilding houses destroyed by fire to the extent of Rs. 10 in each raiyat's case. It is hoped that by this measure the inconvenience complained of by the Representative Members will be materially avoided and that the Sub-Division Officers will dispose of cases promptly. It is observed that great delay invariably occurs in the Taluk Offices.

(1) Subject No. 135 of the proceedings of the Dasara Representative Assembly held in October 1909 :—

Summary of Discussion.—Certain privileges have been shown to the raiyats in the malnad for removing wood, etc., for agricultural purposes.

Increased concessions to Maidan raiyats for taking timber, etc. Mr. Malali Venkataramaiya, Manjarabad Taluk.

There is abundance of growth of wood in the malnad both in the raiyats' holdings and in coffee estates while it is very sparse in the maidan parts. The same concession may be extended to the raiyats of the maidan at least in places which adjoin State Forests and Amrut Mahal kavals.

If this cannot be done, the malnad raiyats' rules may be extended to the whole of the Manjarabad Taluk and one hobli of the Belur Taluk, which really are malnad.

Reply of Government.—The malnad raiyats' rules cannot be extended to the maidan. The inclusion in the malnad tracts of the hoblis of Saklespur and K. Hoskote of the Manjarabad Taluk, and the Arehalli hobli of the Belur Taluk will be favourably considered.

(2) Correspondence ending with letter No. 1382, dated the 8th August 1910, from the Conservator of Forests in Mysore, with one enclosure:—

"In reply to your letter No. 7966—Ft. 145-09-3, dated the 28th May 1910, regarding the treatment of certain tracts in the Manjarabad and Belur Taluks as malnad, I have the honor to forward herewith, copy of letter No. 28, dated the 16th ultimo, from the District Forest Officer, Hassan, together with the marginally noted remarks of the Deputy Commissioner thereon, and to state that I agree with the Deputy Commissioner in the matter of classing the marginally noted five hoblis as malnad."

3. Belgode.	

Copy of letter No 28, dated 16th July 1910, from the District Officer, Hassan, to the Conservator of Forests, through the Deputy Commissioner :—

"With reference to your endorsement No. 254, dated the 8th instant, I have the honor to state that I think that the hoblis of Saklespur and Kenchammana Hoskote in the Manjarabad Taluk and of Arehalli in the Belur Taluk ought properly to be included in the malnad tracts and the Malnad Raiyats' Forest Rules may be made applicable to these hoblis as well.

The climatic and agricultural conditions in these seem to be nearly identical with those in which the rules are already in force."

Forwarded.

I am of opinion that, considering the climate and conditions of Belgode hobli in Manjarabad Taluk, and Bikkode hobli in the Belur Taluk, these two hoblis are quite as much deserving of the proposed concession as K. Hoskote and Saklespur hoblis, if not, more so. Arehalli Hobli of Belur Taluk is, of course, still more deserving than the hoblis above mentioned. I would, therefore, propose that the concessions be made applicable to the whole of Manjarabad Taluk and to the hoblis of Arehalli and Bikkode in the Belur Taluk.

No. R. 1815-24—Ft. 145-09-5, DATED BANGALORE, 21ST SEPTEMBER 1910.

ORDER THEREON.—Under the circumstances represented in the correspondence read above, Government are pleased to direct that the whole of the Manjarabad Taluk and the hoblis of Arehalli and Bikkode in the Belur Taluk be classed as malnad tracts for the purposes of the Malnad Raiyats' Special Privileges Rules.

Letter No. 6303—H. B. 1934, dated the 6th June 1910, from the Comptroller, bringing to the notice of Government certain instances of officers depositing in Government Savings Banks the amount of house-building advances granted to them for house-building purposes.

No. Fl. 1140-80—G. F. 582-09-2, dated Bangalore, 2nd September 1910.

Order thereon.—The Comptroller reports that the effect of such deposits is that Government would be paying interest on the money which they themselves have advanced without interest. Any advance taken for house-building purposes should be properly and promptly utilized for the purpose and when the whole of the advance is not required immediately, it has to be taken by instalments as provided for in Article 136 of the Civil Account Code. Government direct that the Savings Banks accounts in so far as they relate to these deposits be closed allowing no interest therefor.

Correspondence ending with letter No. 6131, dated 28th May 1910, from the Comptroller, Mysore Government, submitting for orders certain correspondence between him and the Officer in charge of the State Huzur Treasury, regarding the nonpayment by the latter of a preaudited bill of Rs. 221, sent by Col. R. G Jones, Military Secretary to His Highness the Maharaja.

No. FL. 1301-11—G. F. 556-09-2, DATED BANGALORE, 9TH SEPTEMBER 1910.

ORDER THEREON.—A sum of Rs. 221 was due to Messrs. Misquith & Co., Civil and Military Station, Bangalore, in connection with the recent Viceregal visit. The Military Secretary seems to have paid this amount to Messrs. Misquith & Co. He drew up a bill for the amount, obtained the sanction of Government, which was endorsed on the bill, and having got it preaudited by the Comptroller, presented the same through the Bank of Madras, Bangalore, for payment at the State Huzur Treasury. Messrs. Misquith & Co.'s receipt bearing one anna British postage stamp was attached to the Military Secretary's preaudited bill. The State Huzur Treasury Officer (Mr. K. Krishna Iyer) refused to cash the bill on the ground that the voucher accompanying the bill had not been properly stamped because it had not a Mysore one anna receipt stamp attached to it.

2. On a reference from the Comptroller commenting on the impropriety of refusing payment of a preaudited bill, the State Huzur Treasury Officer contends that the mere preauditing of a bill cannot exempt it from the payment of the proper stamp duty and that if the bill is not properly stamped, it cannot be accepted as a legal acquittance under the Codal rules. He relies on Article 309 of the Civil Account Code.

3. The Comptroller, in submitting the papers to the Government, remarks that the Treasury Officer does not seem to have a clear conception of his duties in respect of a preaudited bill. The enfacement on a bill by the Audit office, he observes, is a clear instruction to the Treasury Officer to make a certain payment, and the refusal to pay a preaudited bill to the proper party is a failure to render 'the implicit obedience of the Treasury Officer to the instructions issued from the Account Office" referred to in Article 301 of the Civil Account Code. Article 309, referred to by the Treasury Officer, is inapplicable in the present case, as it deals with ordinary bills presented at a Treasury without preaudit by the Comptroller. The said Article 309 requires the Treasury Officer to see that the bill presented satisfies certain conditions. But whether the conditions are satisfied or not is a point on which the opinion of the Audit office must prevail over that of the Treasury Officer.

4. As regards the question of the stamps, raised by the Treasury Officer, the Comptroller notes that, in the case under consideration, the Treasury Officer seems to have confounded a voucher with a sub-voucher. The voucher with which the Treasury is concerned is the bill signed by the Military Secretary on which payment had to be made. In fact, if the sub-voucher had not been attached to the bill but sent by the Military Secretary separately, to the Audit office, the Treasury Officer would be bound to pay the bill all the same.

5. The Government of His Highness the Maharaja generally agree with the Comptroller in his remarks on this incident. To put it briefly, it was a serious matter to have refused payment of a bill audited and passed by the Comptroller and still more so when that bill was presented through the Bank of Madras. In the present case, Mr. Krishna Iyer's reason for refusing payment was inadequate and unsound. The voucher of Messrs. Misquith & Co. was not the bill presented to him for payment and was otherwise not a document with which the Treasury Officer need have concerned himself so far as the payment of any money from the Treasury was concerned. Col. Jones' bill was the document he had to

Financial (General Finance), dated 9th September 1910.

deal with. Moreover, if he found Messrs. Misquith's receipt to have been improperly stamped, the Treasury Officer would only have been justified in impounding it under Section 33 (1) of the Mysore Stamp Regulation, II of 1900. And even from his point of view, it must be observed that whether properly stamped or not, it was clear evidence of money paid to and received by Messrs. Misquith.

Government Order No. Fl. 5708-9—S. & A. 41-09-12, dated the 19th May 1910, stating in connection with the supplemental travelling allowance bills of the establishment of the Deputy Commissioner, Shimoga District, for February and March 1910, that as a general rule no mileage is permissible under Article 594 of the Mysore Service Regulations to the ministerial officials accompanying officers on jamabandi, they cannot be permitted to draw the daily allowance claimed in the bills in lieu of the mileage for the road journey performed in continuation of railway journey on one and the same day, if the railway fare for the latter is drawn.

2. Letter No. 1539, dated the 29th July 1910, from the Revenue Commissioner, submitting for reconsideration the bills referred to above.

No. Fl. 1760-9—S. & A. 92-10-2, dated Bangalore, 29th September 1910.

Order thereon.—On reconsideration, Government find that in the present case the distance in road miles for the road journey being less than 20 miles, there is no need for calling in the provisions of Article 594 of the Mysore Service Regulations, which applies to cases of rapid journeys over 20 miles a day, when daily allowances may be exchanged for mileage under Article 590 (iii) of the Mysore Service Regulations; the officials are entitled to the railway fare for the railway journey *plus* daily allowance or mileage for the road journey, whichever is the less. With this observation, the bills in question are forwarded to the Comptroller for audit.

Progress report of Census work during the week ending Saturday the 3rd September 1910, received from the Census Superintendent in Mysore, from which the following is extracted :—

1. At the Conference held on . . . . . I found from a reference to the Census map of the . . . . . Taluk, that portions of two hoblis had been constituted into one circle and that two or more villages had been formed into a block. As these were quite opposed to the provisions of Section III of the Census Procedure Code, I proceeded to . . . . . to inspect the progress of Census work in the taluk. On inspection of the General Village Register prepared in the taluk, I found that it was an exact copy of the Register prepared for the Census of 1901 without any attempt to scrutinize it in the light of the subsequent alterations in the areas and constitution of hoblis, and the Census map had been prepared in accordance with that register.

2. The number of villages in the taluk was found to be . . . . . and not . . . . . as shown in the Abstract Returns prepared afresh by the taluk staff under the supervision of my staff and issued needful instructions to the Amildar for the proper discharge of the Census work in future. I . . . . . sent a copy of my notes of inspection demi-officially to the Deputy Commissioner . . . . . requesting him to ask the Assistant Commissioner to supervise the work.

No. Fl. 1378-86—Cen. 15-10-2, dated Bangalore, 14th September 1910.

ORDER THEREON.—The foregoing extract brings to notice a grave dereliction of duty which can neither be excused nor overlooked. Government desire to take this opportunity to impress upon Deputy Commissioners the paramount importance of Census work in all its parts from start to finish, and to request them to enjoin upon their Assistant Commissioners and Amildars the necessity for all care and promptitude in the execution of Census work according to the Procedure Code which has been issued by the Census Department.

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,
Dated Bangalore, 26th September 1910.

NOTIFICATION.

It is hereby notified for general information that, in pursuance of the provisions contained in the Mysore Census Regulation, 1910, a general Census of the population of the Mysore State will be taken on the night of Friday the 10th March 1911, corresponding with Phalguna Suddha Dasami of the year Sadharana.

2. The Census should be regarded as of paramount importance while it lasts. It will be the duty of all Government officers and non-officials who have been and who may hereafter be entrusted with the Census, to see that the rules and instructions issued by the Census Superintendent for the conduct and guidance of Census officers in taking the Census are carried out with efficiency and accuracy as required by the said Regulation.

3. In view to secure the utmost efficiency and economy in Census work, the Government direct that the services of officials of all Departments connected with the Administration other than Palace, Medical, Plague and Press be made available for the purpose of the ensuing Census, without prejudice to their duties, on the requisition of Deputy Commissioners of Districts. In carrying out this important measure the Government also rely upon the willing co-operation of all classes of the people, alike of the educated classes in rendering service in the enumeration wherever their help may be required to supplement the official establishments, and of all persons in furnishing correct information to be entered in the schedules.

4. Under Clause (3), Section 2 of the said Regulation, the Government of His Highness the Maharaja are pleased to delegate to Deputy Commissioners of Districts, the power of appointing Supervisors and Enumerators for Census work, and to authorise the Vice-Presidents of the Municipalities of Bangalore and Mysore and the Special Magistrate of the Kolar Gold Fields to sign the declarations in writing of the appointment of these Census officers for the local areas under their respective charges under the general or special directions of the Deputy Commissioner of the District in this behalf.

5. Rules under Section 6 of the said Regulation, relating to enumeration including the standard questions which may be put by enumerators to the people to be enumerated (being Sections VI and VII of the Code of Procedure for Mysore Census 1911) will be published as a Supplement to the *Mysore Gazette* for general information.

6. Under Section 11 of the said Regulation, the Government are pleased to authorize the Deputy Commissioners of Districts to sanction prosecutions under the said Regulation and are further pleased to declare that such prosecutions shall be instituted before Magistrates of the 1st or 2nd Class.

The following reports from the District Magistrates on the working of the Mysore Factories Regulation and the Rules framed thereunder in their districts during the calendar year 1909:—

(1) Letter No. 671, dated the 27th May 1910, from the District Magistrate of the Tumkur District.

I have the honour to state that as there are no factories in this district, no report on the working of the Factories Regulation and Rules thereunder has been submitted.

(2) Letter No. 508—301, dated the 19th May 1910, from the District Magistrate of the Shimoga District.

With reference to your No. J. 3063, dated 16th April 1910, requesting to forward a report on the working of the Mysore Factories Regulation and Rules thereunder, etc., I have the honour to state that no factories exist in the district.

(3) Letter No. 576, dated 7th May 1910, from the District Magistrate of the Bangalore District.

As laid down in Government Proceedings No. 853-69—J., dated 29th October 1903, I have the honour to submit herewith the following report on the working of the Mysore Factories Regulation, IV of 1892, and the Rules framed thereunder, for the calendar year 1909.

1. Two mills exist in the city falling under the Regulation:—

(1) The Bangalore Woollen, Cotton and Silk Mills Co., Ltd., under the Agency of Messrs. Binny & Co. of Madras, (2) The Mysore Spinning and Manufacturing Co., Ltd., under Messrs. N. Sirur & Co. of Bombay. These factories continue to be in the same places as reported in the year previous.

2. The registers prescribed by the Factory Regulation and Rules have been maintained in both the mills. Notices showing the working hours of the mills have been posted at the entrance to the premises.

3. There has been much improvement made in the sanitary arrangements in the Binny Mills and the objections raised last year have, as far as possible, been attended to. The sanitary condition in the Sirur Mills continues to be satisfactory. Pipe water is used for drinking purposes and tank water is used for washing purposes in both the mills by the workmen.

4. Sufficient number of seats have been provided in the latrines in both the mills for the use of the workmen employed therein with proper arrangements for the removal of night-soil.

5. In the Binny Mills, there are sufficient means of exit for the operatives to clear out should there be any fire therein. There are five iron staircases and 19 hydrants of 3" bore to guard against fire. So also there are two escapes with a fire-engine, buckets and 21 hydrants in the Sirur Mills.

6. It is reported that whitewashing was done at Binny Mills about 8 months back, and at the Sirur Mills about 5 months back. In the former mills an extension of building with zinc roofing has been made to give more accommodation to the operatives.

7. The statement enclosed will show the daily average number of adult operatives and children of both sexes, employed in the mills. It is 1,204 in the Binny Mills and 780 in the Sirur Mills as against 968 and 737, respectively, in the year previous. The number that was present on the dates of inspection was 1,173 in the Binny Mills and 807 in the Sirur Mills. The general health of the workmen was found to be good in both the mills. Children under 9 years are not employed and those that are, have all been certified by the Medical Officer. No children under 14 years are employed as full-timers. They are not allowed to clean the machinery while in motion. The machinery and mill gearing have all been properly fenced and protected. The working hours of both the Mills are from 6 A.M. to 6 P.M. with one hour's midday rest in the Binny mills and half an hour's midday rest in the Sirur Mills to the male operatives. Both the Agents of the Mills have been allowing the prescribed periods of rest to women as per Section 6 of the Factories Regulation. The mills are not worked on Sundays, general and Hindu holidays. But whenever such general and Hindu holidays are granted in any week, the time so lost is made up by working them on Sundays. The school and dispensary attached to the Binny Mills are working satisfactorily, so also the school attached to the Sirur Mills.

Proceedings of the Government of His Highness the Maharaja of Mysore.

8. There were two accidents in the Binny Mills and only one in the Sirur Mills of a minor nature on account of the carelessness of the workmen themselves and therefore there have been no prosecutions instituted during the year under report.

9. The Woollen Mills continue to work with electricity and the Sirur Mills by steam power, the quantity of the power used in both the mills is 500 N. H. P.

10 The flour mills attached to the Sirur Mills are said to be working as usual, the number of working hands employed therein being 21 including adults and children of both sexes. The Manager of the Sirur Mills says that sales in his mills are not so brisk as they were in the last year on account of the high price of cotton and yet the financial condition is stated to be satisfactory

Proceedings of the Government of His Highness the Maharaja of Mysore,

(4) *Letter No. 773, dated 22nd April 1910, from the District Magistrate of Mysore.*

I have the honor to submit herewith the following report for the calendar year 1909 on the working of the Factories Regulation, IV of 1892, and the Rules framed thereunder :—

1. *Number of factories and their situation.*—The number of factories registered under Rule 4 of the above Regulation in this district is only one, *viz.*, the Matheson's Works at Hunsur comprising three departments, *viz.*, (i) coffee-curing, (ii) bone-crushing for manurial purposes and (iii) the saw-mills. The factory is situated on the right bank of the Lakshman Tirtha Katte river and on the left side of the road leading to Fraserpet. The buildings used therefor are spacious enough. There is no change in the system of working from what it was during the last year.

2. *Strength.*—The daily average attendance of the operatives during the year is as follows, as per report of the Amildar :—

	Adults		*Children*		
Males	34		11		
Females	24		5		
Total ...	58	+	16	=	74

3. *Hours of business.*—The working hours are from 7 A.M. to 5 P.M. with an interval of one hour from 12 noon to 1 P.M. No work is carried on on Sundays and feast days and two hours' leisure is allowed on Thursdays.

4. *Guard against danger.*—The factory is worked by an engine with steam electric power. There are two 30 horse-power boilers working. Every precaution has been taken to guard against danger to coolies. In times of danger through fire, there are outlets for the coolies to escape easily ; moreover there is a fire-engine with hoses kept ready in view to put out the fire and the coolies have been trained to make use of this fire-engine.

5. *Sanitation.*—The workmen have a copious supply of filtered fresh water through three taps drawn from the main pipes that supply the town with water.

There are four latrines, two for male and two for female employees, located outside the main buildings, the daily sweeping being attended to by a scavenger deputed for the purpose. They are also disinfected twice a week with phenyle lotion.

6. The sanitary arrangements are good.

The Assistant Commissioner and 1st Class Magistrate of the Sub-Division remarks that there is nothing noticeable about the general health of the operatives including women and children.

The factory buildings are spacious and allow plenty of fresh air and there is room for its free circulation, there being large windows.

7. *Accident.*—There was no accident during the year.

8. *Returns.*—The returns prescribed are being submitted by the Manager of the Factory every month to the District Magistrate. No case was reported under the Factories Regulation.

9. *Inspection.*—The First Class Magistrate and Assistant Commissioner of the Sub-Division and Messrs. Ramachandriah and Nanjundiah, Sub-Assistant Surgeons, have inspected the factory. The Amildar of the taluk reports that he invariably inspects it whenever he is at headquarters and the Apothecary visits on an average twice a week. The report of the Medical Officers that inspected the factory is not forthcoming though called for from the Civil Surgeon.

10. The factory is under the management of Messrs. B. Thwaits and O. S. Waymouth who take all necessary precautions about the health of the operatives under their charge and are ready to carry out the suggestions of the inspecting officers.

On the whole the working may be said to be satisfactory.

---

(5) *Letter No. 483—S., dated the 20th April 1910, from the District Magistrate of Hassan.*

I have the honor to state that there are no factories in this district under the Mysore Factories Regulation and Rules, IV of 1892, for submission of any report.

Judicial and Legislative (Legislation), dated 20th September 1910.

(6) *Letter No. 376—J., dated 6th April 1910, from the District Magistrate of Chitaldrug District.*

I have the honor to forward herewith the following report for the calendar year 1909, on the working of the Mysore Factories Regulation, IV of 1892, and the Rules framed thereunder :—

2. There are three cotton factories at Davangere, respectively called—

(1) The Ratnaji Hansaji and Company Ginning and Pressing Factory ;

(2) Heralal and Moganlal and Company Ginning Factory and

(3) Tadpatri Cotton Press Company, Limited;

and these were brought under the Regulation by Government Order on the 6th January 1909. The first of these factories carries on both ginning and pressing of cotton in two different departments.

3. All these factories are worked by steam engines, as detailed in the accompanying statement. The working hours are also shown in the said statement ; but as regards midday stoppages, it is for half an hour in the first, for one hour in the second and for one and half an hour in the third ; and in the first and second, the working hours are from 7 A.M. to 7 P.M. and in the third from 7 A.M. to 6 P.M. All the factories are closed on Sundays without exception.

Operatives.— The daily average number of operatives employed in the several factories are :—

Males	Females	Children	
10) 15)	30	...	in the first factory.
10	20	...	in the second.
18	31	...	in the third.

Children under 9 years of age have not been employed in any of these companies.

Omissions.—Registers C, D and E as required by Rule 14 of the Rules are not maintained in any of the factories. But in the Tadpatri Company, a rough register purporting to be the E Register is kept, but it is not in the prescribed form.

The file of certificates required to be under Rule 15 is not maintained in any of these factories.

3. The notices required under Section 10 of the Regulation and 17 of the Rules are not posted up in any of them.

4. The returns prescribed in Government Order No. 843, dated 27th October 1903, are not being submitted monthly to this office. All these omissions were, during my last inspection on 29th January 1910, directed to be supplied immediately.

Sanitation.—There is ample supply of drinking water in each of these factories, there being separate tanks provided in the first and second and a well set apart for the purpose in the third.

2. The engine rooms are very spacious and airy.

3. Except in the Tadpatri Company where two latrines are constructed for the use of the operatives, no special latrines or urinals are provided in the other factories. The Managers of these companies have been instructed to construct one for each sex in each of them

Accidents.—No accidents are reported to have occurred in any.

Inspections.—The factories were inspected by the Amildar of Davangere on 13th May. 1909 and by me on 29th January 1910. All the factories seem to be doing good business and are in flourishing condition.

A statement showing the details of the working of these factories is annexed hereto.

Judicial and Legislative (Legislation), dated 20th September 1910.

(7) Letter No. 336, dated 1st March 1910, from the Deputy Commissioner, Kadur District.

I have the honor to report that during the past calendar year 1909 there were no factories in this district fulfilling all or any of the conditions of the definition of the word "Factory" in Section 2 of the Mysore Factories Regulation, IV of 1892.

---

(8) Letter No. 6552—222, dated Kolar, 18th March 1910, from the District Magistrate, Kolar District.

Adverting to Government Proceedings No. 853-69—J., dated 29th October 1903, I have the honor to report that the Goribidnur Sugar Factory is the only one in the district coming under the operation of the Mysore Factories Regulation, IV of 1892, and the rules framed thereunder, and to state that this factory was not working during the calendar year 1909 owing to the high price of jaggory and the competition of beet-root sugar.

No. J. 890-7—Legis. 29-09-9, dated Bangalore, 20th September 1910.

Order thereon.—Three new factories were brought under the Regulation during the year under review, thus raising the total number of factories in the State from 4 to 7. Of these, the one in the Kolar District (The Sugar Factory at Goribidnur) stopped work during the year, owing to the high price of jaggory and the competition of beet-root sugar.

2. *Sanitary arrangements.*—The sanitary arrangements obtaining in all the factories are reported to be satisfactory. The defects noticed in the previous year in the Bangalore Woollen, Cotton and Silk Manufacturing Company, Limited, are said to have been remedied.

3. *Employment of women and children.*—Women are employed in all the factories and children in all except the three new factories opened during the year in the Chitaldrug District.

The full midday rest prescribed by Section 6 of the Regulation is allowed in the two factories at Bangalore and in the Tadpatri Cotton Press Company at Davangere; but the rest allowed in the factory at Hunsur, the Ratnaji Hansaji Cotton Ginning and Press Factory and the Hiralal Mogunlal and Company Ginning Factory at Davangere is less than the minimum prescribed in the Regulation. It is also noticed that the maximum period laid down in Section 6, clause (2), of the Regulation in respect of the employment of women, is exceeded in the Ratnaji Hansaji Cotton Ginning and Press Factory at Davangere. The attention of the District Magistrates concerned is invited to these points and they are requested to see that the conditions required to be observed in respect of the employment of women in factories are strictly adhered to.

4. *Inspections.*—The factory at Hunsur was inspected more than thrice during the year, those at Davangere twice, and the factories at Bangalore only once. The attention of the District Magistrate of Bangalore is particularly drawn to the provisions contained in Rule 8 which requires the factories in question to be inspected at least three times in the year.

1. Subject No. 53 of 1908 and No. 52 of 1909, of the discussions in the Representative Assembly about the prospects of Sub-Registrars.

2. Correspondence ending with letter No. 5983-194, dated 1st March 1910, from the Deputy Commissioner, Kolar District, communicating the opinions of the Inspector-General of Registration and the Deputy Commissioners of Districts on the above subject.

3. Para 4 (iv) of Government Order R. 2204-43—L. R. 18-06-2, dated 18th August 1906, laying down rules for the selection of candidates eligible for the Amildari and Deputy Amildari.

No. J. 1046-55—REGIS. 2-10-8, DATED BANGALORE, 29TH SEPTEMBER 1910.

ORDER THEREON.—Government recognise the fact that the flow of promotion among Sub-Registrars tends to be very slow and that some improvement of their prospects is necessary. They are therefore pleased to direct as an exception to para 4 (iv) of the Government Order No. 2204-43—L. R. 18-06-2, dated 18th August 1906, that Sub-Registrars of the second grade be regarded as eligible for inclusion in the lists of candidates for the Deputy Amildari, provided they are otherwise qualified by passing the prescribed tests and are physically fit.

Government also observe that Sub-Registrars will be better fitted for work as Amildars or Deputy Amildars after some experience and training as Taluk Sheristadars and therefore direct that Sub-Registrars of the 3rd and 4th Classes may, as opportunities offer, be drafted to the Revenue Department as Taluk Sheristadars.

Letter No. 370, dated 2nd April 1910, from the Deputy Commmissioner, Chitaldrug District, submitting for sanction a statement for the remission of Rs. 1-6-0 being the irrecoverable arrears of kandayam in Sarvamanya Thippareddihalli village of the Challakere Taluk belonging to the Sri Vyasaraya Swami Matt and soliciting instructions about the submission of remission statements pertaining to institutions under Muzrai management.

No. 704-14—MUZ. 99-09-4, DATED BANGALORE, 12TH SEPTEMBER 1910.

ORDER THEREON.—The Deputy Commissioner having previously submitted the remission statement, Government in the Revenue Department returned it for submission to the Revenue Commissioner. The Deputy Commissioner in resubmitting the bill to Government says that it is usual to submit direct to Government all remission statements pertaining to institutions under Muzrai management and enquires whether this is to be continued or the statements are to be sent to the Revenue Commissioner.

2. Government are pleased to direct that such cases may hereafter invariably be disposed of by the Revenue Commissioner in the same manner as if they occurred in Government villages.

3. The remission now recommended is sanctioned.

Proceedings of the Government of His Highness the Maharaja of Mysore.

(1) Petition Registered No. 911, dated 16th February 1909, from the Hindus of Robertsonpet, complaining that the Mahomedans of the place, who were allowing Hindu processions to pass with music along the main road by the masjid newly built by them, had latterly obstructed such processions.

(2) Letter No. C. 466, dated 1st June 1910, from the Deputy Commissioner of the Kolar District :—

" Adverting to your Office Memorandum No. 1586—Muz. 427-08-2, dated the 15th April 1909, forwarding for report petition from the Hindu inhabitants of Robertsonpet, praying that orders may be issued permitting Hindu processions to pass by the side of the masjid newly constructed some distance away from Soranakuppam road, etc., I have the honor to report as follows :—

2. After the formation of the new town of Robertsonpet, Mr. F. E. C. Carr, the then Deputy Commissioner, at the request of one Ariyur Mahomed Ebrahim Sab, a merchant, granted in the year 1902 a site measuring 150'×150' to the east of the Robertsonpet Market for the purpose of building a mosque. When its construction was commenced and foundations laid, they were found to be close by the Market road and facing southwards, whereupon all the classes of people residing in Robertsonpet represented to Mr. Carr the undesirability of permitting a new mosque in such a close proximity to one of the most important main roads frequented by them all, as it would be very inconvenient to all and in contradiction to the standing orders on the subject. Mr. Carr having inspected the site in the presence of all parties concerned, directed* the shifting of the mosque to 110 feet northwards away from the main street or Soranakuppam road and to face it eastward, to which the said Ariyur Mahomed Ebrahim Sab consented. On the submission of the plan for approval in October 1904, Mr. K. P. Puttanna Chetty, the then Deputy Commissioner and President of the Kolar Gold Fields Sanitary Board, approved of the same with clear and specific order† that "the building should face the direction already ordered by the Deputy Commissioner." The mosque was then built almost at the cost of the said Ariyur Mohamed Ebrahim Sab, with some small subscription besides, and being a new institution built in the town and also quite away from the main or Soranakuppam road and facing in another direction, the Hindus were, till recently, taking the procession, etc., on the road with play of music, etc., at all hours, without any hindrance from the Mahomedans of the place.

**Vide* Deputy Commissioner's memo dated the 22nd September 1903.

†*Vide* Deputy Commissioner's memo dated 20th October 1904.

2. On the 25th April 1908, a few of the less enlightened, ignorant and non-residential Mahomedans assembled near the masjid and for the first time since the masjid was built tried to stop the music, etc., of the Hindu procession of Sri Ramadevaru during Sri Rama Navami, passing on the road, when the Hindus not wishing to create a disturbance turned back and lodged a complaint to the Police. The matter was enquired into and eventually the principal men concerned, of whom Ariyur Ebrahim Sab was not one, were tried† before the Assistant Commissioner and 1st Class Magistrate of Kolar Gold Fields (Mr. P. F. Bowring) for offences of being members of an unlawful assembly and of causing disturbance to an assembly engaged in religious worship, etc., under Sections 143 and 296, Indian Penal Code. The Magistrate finding the facts as quoted below discharged the accused alitnde, on a misconception of law, which, however, needs no reference here :—

†Criminal Case No. 731 of 1907 08, Government of Mysore *vs.* Mahomed Yakub and three others.

'The masjid at Robertsonpet was only built some few years ago and I find that there is nothing on record laying down what procedure is to be adopted in the case of processions wishing to pass about the street, adjacent to which the masjid is situated. The site first selected was quite close to the road, but as this seems to have been objected to, the masjid was built 110 feet away from the road.

'It is in evidence that processions are often conducted about this road.

'On this particular occasion no disturbance whatever appears to have taken place. The Hindus were merely asked to stop their music while passing. The music was stopped and they could have proceeded without hindrance if they had wished to do so.'

4. On the 2nd June 1908, again some of the jatka drivers and other illiterate and irresponsible young Mahomedans tried to stop the music of the Gangamma's procession passing by; and when the Hindus insisted on going on the road with music, etc., actually used criminal force by beating the drummers and musicians. The Police quickly turned up on the scene and averted what perhaps might have led to serious and grave consequences, and

placed the five ringleaders before the Munsiff and 2nd Class Magistrate of Kolar Gold Fields for offences of rioting and causing disturbance to an assembly engaged in religious worship, etc., under Sections 147 and 296, Indian Penal Code. The Magistrate found* four of them guilty and sentenced them to various terms of imprisonment and fine and discharged the 5th on merits. The convicts appealed to the District Magistrate, who confirmed† the conviction of the lower Court against two of them and acquitted the other two, and there the matter ended.

*Criminal Case No. 4 of 1908-09, Government of Mysore *Vs.* Gulam Mahomed and four others.

†Criminal Appeal No. 5 of 1908-09, Gulam Ahmed and three others *Vs.* Government of Mysore

5. The Hindu residents there, on the 28th September 1908, petitioned the Assistant Commissioner and 1st Class Magistrate, Kolar Gold Fields, to grant them a license to take their god in procession during the ensuing Dasara festival and to make the needful arrangements for the Mahomedans not to create any disturbance on the occasion of their passing by the Soranakuppam road, whereon the said Magistrate, being unaware of the standing orders on the subject, endorsed that 'there is no objection to the procession, provided they do not play any music or tom-tom while passing the masjid.' The petitioners being dissatisfied with it, have approached the Government without bringing it to my notice.

6. On receipt of the memorandum under advertence, I sent for all the records in the case, went over the site and explained to all concerned the law on the subject, and the several standing orders regarding the construction of new masjids, all being repetitions of the substance of the late Chief Commissioner's Circular No. 2528—72 of the 22nd August 1871, and pointed out to the Hindus and Mahomedans assembled the absurdities of the contentions, to which they all seemed acquiesced.

7. The initial mistake in the present case as elsewhere arose while granting permission to erect the mosque in such localities at all under such environments and without specific mention on record of the standing order which, however, was not of much significance in this instance, inasmuch as it was so patent to the granting officers concerned and was impliedly and by action rectified by both Messrs. Carr and Puttanna Chetty in shifting the masjid 110 feet away from the main or Soranakuppam road and insisting upon the frontage being eastward as stated in para 2 *supra*. Not only were these stipulations readily adhered to, but the Mahomedans were also not objecting to the Hindu processions passing on the Soranakuppam road with all the music, drums, etc., till 1908 as admitted by Ariyur Mahomed Ebrahim Sab and other respectable Mahomedans living in the place, but the first trouble seems to have arisen during the absence of the said Ariyur Mahomed Ebrahim Sab and the local respectable and influential Mahomedan leaders from the place.

8. On the 9th March last, again, the Hindus applied for a license to take their god in procession in connection with the 'Mahasivaratri' when the 1st Class Magistrate ordered that 'the procession may take place provided the Hindus agree not to play music or tom-tom fifty yards before reaching the masjid and fifty yards past it.' The Hindus taking exception to such reservations held no procession and appealed to me for redress. It having also been observed by the said Magistrate about that time, that a small opening had recently been effected in the compound wall of the masjid on the side of the Soranakuppam road, with the ostensible reason of having it to serve as a short cut for carrying water, etc., he had, during his inspections, taken objection to the same and had it promptly closed on the spot.

9. On 24th March last, I called a meeting of all the representative Mahomedan and Hindu residents of Robertsonpet and of the surrounding mines and villages, and made enquiries into the grievances, if any, of the respective communities, reading out and explaining to them simultaneously the standing orders on the subject including the several Government Proceedings connected with the Channapatna, Nagamangala and Solur masjids. Ariyur Mahomed Ebrahim Sab and other residents admitted that the Hindus were passing along the Soranakuppam road in procession with music, drums, etc., that they were not present on the two occasions when the past disturbances occurred, which were all the result of the newcomers from various parts of India which equally vexed them, inasmuch as their names were being often dragged before the public, which they would very much wish to avoid, and added that they would be glad to abide by any orders that the Government might be pleased to pass in the matter. The Hindus, while claiming the privilege of passing on the market or Soranakuppam road with music, drums, etc., replied to my query that they had no occasion whatever to go by the cross road which passes in front of the mosque and that they would on no account wend their processions that way.

10. Under these circumstances and the masjid being of such recent origin, there can arise no question whatever against the ordinary use of the public road by all communities and as a further precaution, the open space between the market or Soranakuppam road and the masjid has been closed by wire fencing at the cost of the Sanitary Board and the space

Muzrai, dated 21st September 1910.

reserved as a lung for the locality, arrangements being made to plant it up with quick-growing trees, to render it tidy and serve the purpose of a park, as it were, for the use of the public. This open space had once been asked by the said Ariyur Ebrahim Sab who offered to maintain it as a recreation ground; but I pointed out to him how it was likely to give rise to complications if it ever came to be tacked on to the masjid compound, and ordered its not being given over to any individuals or community but to be reserved as aforesaid, separating the masjid from the market road and thereby putting an end to all eventualities.

11. In conclusion, from what has transpired in the past and what may happen in the future in this new rising town with its large floating population, I further propose to have a tablet showing the year of the construction of the masjid put up at its entrance."

12. The enclosures to the memorandum under reply, together with a plan showing the site of the masjid and its surroundings are herewith submitted"

No. 797—Muz. 427-08-4, dated Bangalore, 21st September 1910.

Order thereon.—The Government are glad to note that the dispute has been amicably settled.

2. The Deputy Commissioner's proposal to have a tablet, showing the year of the construction of the masjid, put up at its entrance, is approved.

Proceedings of the Government of His Highness the Maharaja of Mysore, Muzrai, dated 26th September 1910.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

APPEAL NO. OF 1910-11.

Appellant	*Vs.*	Respondent
Hucha of Chavadanaikanhalli, Magadi Taluk		Tagada of Chavadanaikanhalli.

Subject.

Pujarike of Marammadevaru at Chavadanaikanhalli.

Facts of the case.

The parties are brothers. On 25th April 1908, the appellant complained to the Amildar that the respondent, whose term was over, would not make over the puja to him. The Amildar, after a summary enquiry, was of opinion that there were grounds to believe that each brother was doing puja by rotation for a period of two years, enjoying half the Inam land, and ordered that the same arrangement should continue. On appeal, the Deputy Commissioner held that the Inam land according to the Inam title-deed was to be enjoyed by the manager of the institution, that the brothers could not dispose of the same or of the puja as they liked and that Hucha, the younger brother, could have no right during the lifetime of his elder brother.

Against the Deputy Commissioner's order, Hucha has appealed to Government. The parties were heard before Government, appellant Huch being also represented by Mr. C. Krishna Murti, Advocate.

Decision.

The appellant urges that he and his elder brother had been doing the work of puja by turns (two years at a time). The Amildar accepted this as made out. The Deputy Commissioner does not say that this is not true and the respondent does not (when questioned here) deny that his brother was also performing the puja. Government observe that there is nothing to support the Deputy Commissioner's view that the younger brother can have no right to the office when the elder is alive and that there is nothing opposed to any rule of law or public policy in two brothers performing puja in a minor village temple by turns. The Deputy Commissioner's order is therefore set aside. If it is true that the appellant used to perform the puja two years and respondent two years, the practice will be enforced accordingly again. The Inam land belongs, of course, to the temple and should be in the possession of the man actually performing the service.

Proceedings of the Government of His Highness the Maharaja of Mysore, Muzrai, dated 26th September 1910.

READ—

Letter No. 509, dated 14th May 1910, from the Deputy Commissioner, Mysore District, recommending that the deposit of Rs. 3,500 made by pensioned Head Gumasta, Lakshmana Rao, now residing at Mysore, for feeding at Chunchankatte, pilgrims to and from Subrahmanya, during the jatra in the months of Kartika and Margasira, of every year, may be accepted at the favourable rate of interest, sanctioned in Government Proceedings No. Fl. 4007—G. F. 184-06, dated 12th February 1908.

2. Petition registered No. 2359, dated 19th June 1910, from Lakshmana Rao, stating that he is willing to abide by the conditions laid down in Government Proceedings No. Fl. 4007 —G. F. 184-06, dated 12th February 1908, as amended by Government Proceedings No. Fl. 473-503—G. F. 15-09-2, dated 15th July 1909.

No. 803-5—MUZ. F. 673-09-5, DATED BANGALORE, 26TH SEPTEMBER 1910.

ORDER THEREON.—Petitioner's father, Ananthaiya, a retired Amildar, was feeding these pilgrims till his death in 1885. Since then, petitioner has been spending Rs. 90 a year for feeding these. He now wishes to permanently deposit Rs. 3,500 with the Government, and requests that the interest thereon at the favourable rate of interest sanctioned in Government Proceedings No. Fl. 473-503—G. F. 15-09-2, dated 15th July 1909, be utilized for feeding these pilgrims both in the day and at night under the supervision of the Government in the Muzrai Department. He further requests that, if at the time of the jatra, he or his heirs visit the place they may be allowed to supervise the santharpane (feeding of Brahmins). The Deputy Commissioner of the Mysore District recommends that the deposit may be accepted.

2. The object of the deposit being of a charitable nature, as contemplated in Rule III of the Notification of the 12th February 1908, as amended by Government Order No. 473-503—G. F. 15-09-2, dated 15th July 1909, the Government are pleased to sanction the request made by Lakshmana Rao, and accept the amount paid by him into the Yedatore Taluk Treasury as a deposit under the above said notification. The rate of interest on this deposit will be not more than half per cent in excess of that sanctioned by the Government of India on their Securities At present the rate of interest will be 4 per cent.

3. The Comptroller to Government is requested to issue instructions to the Deputy Commissioner, Treasury Department, Mysore District, to deposit the amount under Government Notification No. 473-503—G. F. 15-09-2, dated 15th July 1909 and to get a document executed by the donor in the form prescribed under Government Notification No. 432-72—G. F. 15-09-1, dated 15th July 1909.

4. The half-yearly interest will be added on to the funds of the chattram recently transferred to Chunchankatte in accordance with Government Proceedings No. 891-2, dated 14th August 1907. The amount required by each year for expenditure will be drawn on a separate bill. For the present, the marginally-noted scale of expenditure proposed by the petitioner will be adopted.

	Rs.	a.	p.
Feeding	110	0	0
Abhisheka, etc., to Sri Ramadevaru	10	0	0
Parpathegar...	2	8	0
Cook	3	0	0
Parichatak	3	8	0
Jadmali	1	8	0
To be brought under savings for purchase of vessels, etc. ...	10	0	0
Total ...	140	0	0

5. Government also accord sanction to Lakshmana Rao's prayer that the said feeding be conducted under the Government supervision. The Deputy Commissioner is requested to issue needful instructions to the Amildar of Yedatore in the matter of maintaining accounts of the charge incurred for the santharpane, etc., and submit a separate report every year regarding the same to Government.

6. Government have no objection to allow the donor Lakshmana Rao or his heirs by nomination, to supervise the santharpane under the control of Government authorities.

APPEAL No. OF 1910-11.

Appellant	*Vs.*	Respondent
Kappanna		Linganna.

Subject.

Pujariship of Muthiana Mudiyamma *alias* Lakshmidevi temple endowed with a hala Inam at Haragowdanahalli, Hole-Narsipur Taluk.

Decision.

The case was heard before Government, the appellant was represented by Mr. braya Mudaliar and the respondent by Mr. Ramanna.

Both parties admit that the temple has no Inam given or recognised by Government. The Inam Superintendent's report is to the same effect. The dispute about e pujari office of such a temple (which is not a Muzrai institution) cannot be termined in the Muzrai Department. The order passed in this case is therefore versed and the parties will be left to determine their dispute in a proper court ving jurisdiction.

No. 682-5, DATED BANGALORE, 30TH SEPTEMBER 1910.

ORDER THEREON.—On the 8th May 1905, Mr. K. Boranna was granted a license to search for and collect corundum for a period of five years in the following taluks on condition of paying a royalty of Rs. 4 per candy of 840 lbs. of corundum removed by him, but subject to an annual guaranteed minimum royalty for each taluk as shown below :—

		Rs.	
1. Dodballapur	... ...	415	per annum.
2. Nelamangala	... ...	60	,,
3. Goribidnur	... ...	425	,,
4. Maddagiri	... ...	225	,,
5. Tumkur	... ..	75	,,
Total ...	... ...	1,200	,,

2. Under the terms of the license the licensee was also bound to carry on collecting operations vigorously and to submit to Government through the local authorities returns of the material removed and the royalty paid by him.

3. From the reports submitted from time to time by the Deputy Commissioners of the Bangalore, Kolar and Tumkur Districts, it was observed that the licensee was not complying with the terms of the license satisfactorily and was not submitting the prescribed monthly returns relating to progress of operations and payment of the royalty due to Government. Even the annual minimum guaranteed royalty was not being paid regularly.

4. When these defects were pointed out to him by Government, the licensee pleaded domestic difficulties, the scantiness of corundum in some of the areas held by him under the license, the dullness of the market for the mineral and the loss sustained by him in the earlier years of the period of the license, and he has now finally applied for the following concessions :—

(*a*) A reduction by 50 per cent of the rate of the annual minimum royalty guranteed by him or permission to surrender the license with effect from the 4th year of the term thereof ;

(*b*) permission to pay in instalments the arrears of royalty due by him up to the date of the surrender of his license ;

(*c*) grant of six months' time for the removal of the balance of the corundum collected by him under the license, but not removed by him as yet from the areas from which they were collected ;

(*d*) grant of a monopoly to him for corundum over the whole of the State for the period of ten years; and

(*e*) grant of permission to remove, free of royalty, a quantity of 31 cart-loads (751 Bengal maunds) of corundum alleged to have been collected by him in the Dodballapur Taluk in the year Nandana (1891-2) when, according to the system then in vogue of selling by public auction the right to collect corundum from year to year, he had obtained the right to collect it in that taluk.

5. After a careful consideration of all the circumstances of the case, the Government of His Highness the Maharaja of Mysore are pleased to pass the following orders in the matter:—

(*a*) The licensee's request for a reduction in the guaranteed minimum royalty cannot be complied with, but in consideration of the fact that there has been little demand for the cheaper varieties of corundum during the past two years the Government are pleased to permit him to terminate his license at the expiry of the fourth year thereof and the license will be considered as cancelled from 8th May 1909.

(*b*) The licensee is also allowed time up to the 31st of January 1911, for the payment, in four equal monthly instalments, of the arrears of royalty and local cess due by him up to the end of the fourth year of the license, *viz.*, 7th May 1909, the amount of the first instalment being deposited at once with the Government.

The following statement compiled from the reports received from the Deputy Commissioners of the Bangalore, Kolar and Tumkur Districts shows the amounts of royalty due and paid by the licensee and the balance of the same due up to the end of the fourth year of the license:—

Geological, dated 30th September 1910.

The Deputy Commissioners of Bangalore, Kolar and Tumkur Districts are requested to have the figures in the above statement checked with those in the Taluk Offices and to report the result to Government at a very early date for information and necessary action.

(*c*) The licensee is, as a special case, allowed time up to 31st January 1911 for removing the balance of the corundum collected by him during the currency of the license. Such removal should be made only under permits obtained from the Amildars concerned on payment of the prescribed royalty at Rs. 4 per candy removed—the amounts so paid to be deducted from the balance of arrears now due. The licensee should at once submit to Government a statement showing the quantities of corundum collected but not removed and where it is at present stored. Any quantity of corundum that may remain unremoved by the licensee after the 31st of January 1911, shall become the property of Government and the licensee shall forfeit all claim thereto.

(*d*) In view of the fact that the licensee has not been able to carry on operations satisfactorily under the license lately held by him, Government are not disposed to entertain the licensee's request for a monopoly of corundum for a period of ten years over the whole of the State.

(*e*) As regards the claim for the corundum collected by Mr. Boranna under the right purchased by him in the year Nandana (1891-92), it is observed that he failed to remove it in spite of the "taja" (free) license of 15th March 1902, granted to him to do so even after the long interval of about ten years from the date of the termination of the said right. Government direct therefore that this quantity, which is said to be 751 Bengal maunds, should be sold by public auction to the best advantage and the proceeds taken towards (1) the royalty due on it at Rs. 4 per candy prescribed by the present license of 8th May 1905, and (2) also towards the arrears due under the said license as shown in statement at para 5 (*b*) *supra*. The Deputy Commissioner of the Bangalore District is requested to take the necessary action at a very early date in the matter of the sale of the corundum ordered above and to report the result thereof to Government for information and any further orders that the circumstances may then require.

6. The report received from the Deputy Commissioner, Kolar District, with his letter No. 7768—266, dated 28th May 1910, contains a charge against the licensee of having removed 388 bags (about 100 candies) of corundum by rail from the Thondebhavi Railway Station between the 15th May 1907 and 15th March 1909, without the required permit from the Amildar of the Goribidnur Taluk and without intimation to him of its intended removal. The licensee, however, explains that the corundum to which the above charge refers was what had been collected from the Maddagiri Taluk, under a permit obtained by him from the Amildar of that taluk and that it was removed to the Thondebhavi Station in the Goribidnur Taluk, as it was the nearest railway station to the place where it was collected. The Deputy Commissioners of the Kolar and Tumkur Districts are requested to enquire into the truth of this statement and to report to Government at an early date if they are prepared to admit its correctness.

Secy. to Govt., Geol. Dept.

To—The Deputy Commissioners of the Bangalore, Kolar and Tumkur Districts.
Mr. K. Boranna, residing in Old Poor House Road, Civil and Military Station, Bangalore.

SECTION 2—SEPARATE REVENUE.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR SEPTEMBER 1910.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	Fl 1110—S R 287-08-4 ...	1	Papegowda of Ankekattahalli, Bowringpet Taluk	Rejecting his petition appealing against the order of the Excise Commissioner, declining to sanction the remission of the arrears of toddy revenue due from him in respect of the Pichupalli toddy shop.
2	Fl 1111—S R 287-08-4 ...	1	Ex. Commissioner ...	Forwarding copy of the above.
3	Fl 1118—S R 30-10-2 ...	1	Comr. of Stamps ...	Forwarding for disposal a petition received from Lingappiah of Vastara, Chikmagalur Taluk, appealing against the order of the Deputy Commissioner, Kadur, declining to license him as one of the stamp vendors in the Chikmagalur town.
4	Fl 1119—S R 30-10-2 ...	1	Lingappiah of Vastara, Chikmagalur	Informing him of the above.
5	Fl 1134-5—S R 10-10-2...	2	Ex. Comr. and Comptr.	According sanction to the Excise Commissioner taking a carriage and a horse at Government cost by rail from Bangalore to Harihar and Shimoga District where he has to go urgently to make special arrangements to put down illicit distillation of arrack and the smuggling of ganja from Hyderabad Dominions, the cost of the return journey being borne by himself.
6	Fl 1209—S R 23-10-2 ...	5	Messrs. Spencer & Co., Madras	With reference to their letter No. M. S. M. —Gl. 131, dated 26th July 1910, requesting permission to sell in their refreshment rooms in the Mysore Province certain foreign liquors weaker in strength than 15° Under Proof, stating that there is no objection to the brands mentioned in the list attached to their letter under reply being sold so long as the guaranteed strength covers all obscurations.
7	Fl 1210—S R 23-10-2 ...	5	Ex. Commissioner ...	Forwarding copy of the above.
8	Fl 1238—S R 32-10-4 ...	6	Do ...	Recording the consolidated statement submitted by him showing the number of talukwar excise shops and the results of the sale of excise privileges in the several districts of the Province for the year 1910-11.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
9	Fl 1331—S R 12-10-3 ...	10	Ex. Commissioner ...	Recording the statement submitted by him of officials of the Excise Department drawing a pay of Rs. 70 and upwards for the half-year ending 30th June 1910, with the observation that B. N. Rama Rao, Excise Inspector, has been promoted to Rs. 70 although he has not passed the Criminal Test.
10	Fl 1365—S R 212-09-6 ...	13	Commr. of Stamps ...	With reference to his proposal for the installation of electric lights in the Stamp Manufactory, stating that the necessity therefor is not apparent.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
11	Fl 1453-4—S R 117-09-4...	17	Ex. Comr. and Comptr.	In the matter of the degradation of Ramsingh from the post of Excise Assistant Inspector, Tiptur Taluk, on the ground that he permitted the opening of Manne mari Jatra toddy shop in the Gubbi Taluk from the beginning of the year 1908 instead of only during the jatra, observing that under the circumstances brought to notice, the Government are of opinion that the offence committed by him was not so grave as to call for such a severe punishment as has been meted out to him and directing that he be reinstated as Excise Assistant Inspector, the intervening period being treated as such leave as he may be found entitled to.
12	Fl 1459—S R 27-10-2 ...	19	Excise Commissioner ...	Recording the gradation list of the Excise Inspectors submitted by the Excise Commissioner as it stood on 1st January 1910, with the observations that the name of N. Krishna Iyengar should have appeared in the proper place among Inspectors on Rs. 50+20, that the grant of promotions to officials serial Nos. 8, 12, 32, 36, etc., in the list when they had not properly qualified themselves by passing the prescribed tests is irregular, that the order of seniority is not maintained in preparing the list and that the list should be prepared every half year both for Inspectors and Assistant Inspectors.
13	Fl 1499-500—S R 17-10-2	20	Ex. Comr. and Comptr.	Sanctioning the appointment of the Excise Inspector Ranga Rao Naidu, B.A., as the Inspector of the Excise Training School, Bangalore, on his present salary with the local allowance of Rs. 20 with effect from 1st August 1910.
14	Fl 1544-5—S R 255-09 ...	23	Do ...	In the matter of the objection raised by the Comptroller to the permanent travelling allowance of Rs. 25 being drawn by Mr. A. J. Donne, Senior Inspector in charge of the Distillery, inviting the Excise Commissioner's attention to Government Order No. 1437-8—Ex. F. 1-97, dated 30th November 1903, with the observations that para 5 of this order fixes an allowance of Rs. 20 to 40 out of 43 Inspectors then in the Department, that of the remaining 3, the Head Inspector continued to draw his allowance at the enhanced rate of Rs. 25, while the other two in charge of the Distillery did not receive any addition to their allowance of Rs. 15 on the ground that they had no travelling work to do, that this lower rate of allowance was continued to the Distillery Inspector even after the issue of the order of reorganisation as may be seen from the fact that the Excise Commissioner had to recommend an increase of the allowance from Rs. 15 to 20 to an Excise Inspector in charge of the Distillery on his transfer to Bowringpet in the year 1904, that it is thus clear that the special allowance of Rs. 25 was at no time allowed to the Inspectors of the Distillery *as such* and could be drawn only by a Head Inspector (or a 1st Grade Inspector) drawing a pay of Rs. 150 and that under these circumstances the Comptroller's objection must hold good, the amount overdrawn by Mr. Donne being refunded.
15	Fl 1598-600—S R 20-10-2	24	Ex. Comr., Dy. Comr., Bangalore and Comptr.	Allowing to Mr. H. B. L. TABULAR STATEMENT OF MATTERS OF ROUTINE FOR SEPTEMBER 1910.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	Fl 1108-9—B 7-10-4 ...	1	Comptr., and Registrar of Co-operative Societies	In the matter of the Comptroller's objection to pass pay at Rs. 80 to Mr. E. Rama Rao, Inspector of Co-operative Societies, observing that as Mr. Rama Rao's substantive pay under the old scale was Rs. 80, the reduction in scale ordered in Government Order referred to by the Comptroller which came into effect from 1st July 1910 should not affect him prejudicially and that his pay will therefore, for the period between 1st and 14th July when he was appointed Deputy Amildar on a higher pay, be passed at Rs. 80, the excess of Rs. 20 over the maximum of Rs. 60 under the new scale being treated as personal allowance.
2	Fl 1200-2—B 46-09-2 ...	3	Comptr., Secy., Insurance Committee, and Mrs. Samuel Sudarsanammal	Directing, as a very special case, the payment to Samuel Sudarsanammal of the bonus due on the policies held by her late husband S. C. Samuel, a clerk in the General and Revenue Secretariat, on condition of her furnishing a bond of indemnity with two sureties considered sufficient by the Insurance Committee, and requesting the latter to make a note of the case and circulate it in support of their appeal to the policy-holders to register their nominations and thereby save their families a great deal of trouble.
3	Fl 1204-6—B 9-10-2 ...	3	Comptr., Deputy Comrs., Kadur and Shimoga	Sanctioning the recommendation of the Deputy Commissioner, Kadur District that the offer of Mr. Balakrishna Rao for the lands in Shimoga District belonging to Raghavendrappa an indebted member of the late Agricultural Bank at Chikmagalur, may be accepted.
4	Fl 1232-4—B 8-09-2 ...	5	Dy. Comrs., Kadur and Hassan, and Comptr.	Sanctioning the recommendation of the Deputy Commissioner, Kadur District, that in consideration of Mr. Chendre Gowda, an indebted member of the late Agricultural Bank at Chikmagalur, having paid up the whole of the principal, *viz.*, Rs. 8,333 and odd, the interest of Rs. 3,549-1-5 due by him be remitted and that his accounts be closed.

11	Fl 1479—B 7-10-5 ...	20	S. V. Ramakrishnappa, residing in Vadigenhalli, Devanhalli Taluk	Informing him that on enquiry Government find that his allegations that his lands have been attached and taken under Government management for the amount due by him to the Agricultural Bank of his village are unfounded and that there are no points requiring orders in his representation.
12	Fl 1480—B 7-10-5 ...	20	Dy. Comr., Bangalore	Forwarding copy of the above for information.
13	Fl 1546-7—B 45-09 ...	23	Secy., Insurance Committee, Military Branch	Directing the exclusion of the Military service from participation in the benefits of the Mysore State Life Insurance for the following reasons :— (1) The members in Military Service have their own fund and do not therefore need the Insurance rules for making provision for the members of their families after their death and for themselves after retirement. (2) It is not considered desirable to treat the lives of persons in Military service in the same way in every respect for insurance purposes as the lives of those in civil employ.
14	Fl 1580-2—B 54-09-2 ...	24	Inspr. of Agrl. Banks, Comptr., and Registrar of Joint Stock Companies	Directing the winding up of the Agricultural Bank at Ariyur in the Tumkur Taluk on the ground that no good work is being done in it and that the Bank authorities have not heeded the warning given to them for rectifying its errors and the recovery of the Government loan being made by means of coercive measures if necessary.
